171. There are presented report and appraisal with map and description on Route FAI 108-2-(1), North-South Freeway (FAI 109) to Warwick Road, Parcel R159A, Charles Schluck.

It is recommended that authority be granted to institute condemnation proceedings for the acquisition of this parcel in fee simple subject to any public utilities existing in the premises. The owner cannot be located. (August 20, 1958)

Right of Way-Route FAI 101-2-(2)

172. There is presented again the matter of acquisition of property on Route FAI 101-2-(2), Mt. Hope-Rockaway Road to Route U.S. 46 at Denville, Parcel E172A, John Cholish, Jr. and wife. Authority was previously granted to condemn this parcel in the name of the New Jersey Power and Light Company. The easement required under Parcel E172A is for highway purposes across an easement (Parcel UE172B) which is being acquired in the name of the Utility Company.

It is recommended that the previous action be rescinded and that authority be granted to institute condemnation proceedings in the name of the State. Owners refused to settle for Parcel E172A until settlement has been reached with the Utility Company for Parcel UE172 B. (August 29, 1958)

Right of Way-Route FAI 101-2-(2)

173. There is presented again the matter of condemnation of lands on Route FAI 101-2-(2), on the Mt. Hope-Rockaway Road to Route U.S. 46 at Denville. Condemnation proceedings were previously authorized for the acquisition of Parcels 174A, 174B, & 174C, Circle Rock, Inc.

The plan has since been revised to reflect up to date information affecting this area. The property required from Circle Rock, Inc. is now designated as Parcel R174. It is recommended that the previous action covering Parcels 174A, B, & C be rescinded and authority granted to institute condemnation proceedings for the acquisition of Parcel R174 in fee simple subject to any public utilities existing in the premises. The owner is demanding $76,000.00 which is considered excessive. (August 20, 1958)

- - - - - - - - -

174. There is presented again the matter of condemnation of property on Route FAI-101-2-(2), Mt. Hope-Rockaway Road to Route U.S. 46 at Denville, Parcel 124, Michael S. Kopas, et al.

At the hearing before condemnation commissioners, the testimony on behalf of the owner was in the sum of $17,400, including $700 for land value and $16,700 for top soil. No testimony was presented by the State because of our contention that the land proper and top soil could not be evaluated separately. The commissioners made an award in the sum of $9,000.00. It is recommended that this award be appealed. (August 19, 1958)

Right of Way-Route FAI 101-5-(2)

175. There is presented again the matter of acquisition of property on Route FAI-101-5-(2), From West Shore Railroad in Ridgefield Park to Teaneck Road in Teaneck, Parcel 223, Otto Knipping & Wife, on which an agreement was previously approved in the amount of $16,075.00.

Subsequently a new agreement has been entered into with the owners in the amount of $13,575, plus the dwelling located on Parcel 198, which was acquired from James Trapkin et ux (owner to retain and remove gas range).

It is recommended that this agreement be approved and that the previous action be rescinded. Authority is requested to dispose of the building located on Parcel 223, either to the road contractor, at public auction or by sealed bid. (August 26, 1958)

Right of Way-Route FAI-101-5-(2)

176. There is presented again the matter of acquisition of property on Route FAI-101-5-(2), From West Shore Railroad in Ridgefield Park to Teaneck Road in Teaneck, Parcel 279, Paul Sandrisser & Wife. Condemnation proceedings were previously authorized, at which time the owner would not state his demands.

Continued negotiations have resulted in the execution of an agreement in the sum of $18,600 (including a down payment of $4,600). It is recommended that this agreement be approved and that condemnation proceedings previously authorized be discontinued. It is further recommended that authority be granted to dispose of the buildings, either to the road contractor, at public auction, or by sealed bids. (August 29, 1958)

Right of Way-Route FAI 104-2-(4)

177. There is presented again the matter of acquisition of property on Route FAI-104-2-(4), Stelton Road to Route U.S. 1, Parcel 201, June Chevrolet, Inc., on which agreement in the sum of $49,500.00 was approved on March 28, 1958.

The agreement has been completely complied with by the owners with the exception of the vacation of the office building. The owner wishes to retain possession of this building until November 12, 1958. As no construction is planned on this project for some time, there is no objection on the part of the State.

It is recommended that payment be authorized to June Chevrolet, Inc., in the full amount of the purchase price, and that a supplemental agreement be accepted providing for the vacation of the office building on or before November 1, 1958, and a deposit in the amount of $3,500.00 to guarantee the performance of the agreement. (August 19, 1958)

Right of Way-Route 54, Route 43 (1927)

178. There is presented again the matter of disposal of Parcel X70 (Item 3692), Route 54, Section 2, from Route 43 (1927) to Second Road, Hammonton.

On July 18, 1958, the State Highway Commissioner approved the sale of this parcel to Michael Ruberton on his high bid of $300, which was offered at the public sale held on June 16, 1958. Our title search reveals that the State never secured a deed for this parcel by reason of certain title complications.

Because of this fact, authority is requested to rescind the action of July 18, 1958 and to authorize the refund of the deposit of $100 made by the successful bidder, Mr. Ruberton. (August 25, 1958)

Right of Way-Route 25 (1927)

179. There is presented again the matter of disposal of Parcel 41 (Item 3680), Route 25 (1927), Section 16C, Neck Lane to North Avenue.

The State Highway Commissioner on July 18, 1958 granted authority to hold action of disposal of this parcel to Peter Roselle & Sons Co. on their bid of $6,600 in abeyance pending clarification as to its disposal. The agreement under which the State purchased this parcel provided that the owner was to have access across the parcel pending construction of the highway and, thereafter, access to the constructed highway. The sale of the parcel to anyone other than this adjoining owner would restrict this right of access. After consultation with our Counsel, it was determined that the parcel should not be sold.

Authority is requested to reject the bid of Peter Roselle & Sons, Co. in the Amount of $6,600 and to refund their deposit of $1,650. (August 26, 1958)

Respectfully submitted,

Kenneth D Rice

Electrical Items

Underground Structs.

Signals-Traffic

22. In connection with the bids received on September 2, 1958, for Underground Structures for Traffic Signal Systems, various intersections on New Jersey State highways, (1958-1959, Contract #1) it is recommended that award of contract be made to Counties Contracting & Construction Company, Inc., 9th Street and Sedgley Avenue, Philadelphia, Pennsylvania, at the total price bid of $199,650.00. (September 4, 1958)

Lighting-State Highways

23. There is presented from the Bureau of Electrical Operations report and plans to change over the existing roadway lighting on the Elizabeth Viaduct, Route US 1 & 9 in the City of Elizabeth. The change-over is necessary to provide spare wiring ducts in the curb area for traffic signal interconnections now being installed. Unless spare ducts are provided in this manner, 2,600 feet of exposed conduit must be installed on the viaduct at an estimated cost of $5,100. The estimated cost of the change-over is $5,200. The change-over from series to multiple metered lighting will also effect a saving of $300. per year on current costs and eliminate two electrical services, that are now in use for alternating flashers on the north and south approaches to the viaduct. It is respectfully requested that authority be given to the Bureau of Electrical Operations to make this highway lighting change-over as outlined in the attached report and plans and to negotiate with the Public Service Electric and Gas Company to enlarge their meter facilities at this location. (September 4, 1958).

66. There is presented 7 sheets of the General Property Parcel Map on Route 129 Freeway, Section 1, Abutment of Delaware River Bridge to Scotch Road (showing property to be acquired from Station 218 to Station 291±50); together with memorandum from Mr. F.L. Gerard which has been approved by Mr. Giffin & Mr. Fritzsche. Federal Project F-203(2). The State Highway Commissioner, on August 15, 1958, previously approved 11 sheets of the General Property Parcel Map, showing property to be acquired from the Abutment of Delaware River Bridge to Station 218; authorized negotiations for the necessary right of way; and also authorized the setting up of $354,00 to cover the estimated cost. It is recommended that these sheets of the General Property Parcel Map be approved subject to such changes as may be necessary in order to conform with the construction plans as finally adopted and approved and that authority be granted to negotiate for the acquisition of the necessary right of way, from Station 218 to Station 291±50, the estimated cost of which is $300,000. It is requested that authority be granted to set up the sum of $300,000 from funds available under Item 12 of the 1957-1958 Construction Program (Route 29 to Bear Tavern Road-Bridge Approach.) (September 17, 1958)

Right of Way-Route 4 Parkway ✓

67. There is presented again the matter of acquisition of property on Route 4 Parkway, Section 4, Route 27 to Inman Avenue, Parcel 95, Ida Lehmann, widow. An agreement in the sum of $50. was approved in 1947, but this agreement was never consummated. Our Engineering Division now advises that this Parcel is not required. It is therefore recommended that the agreement with Mrs. Ida Lehmann be rescinded, and that the Parcel be not acquired. (September 19, 1958)

Right of Way-Route 29 (1927) ✓

68. There is presented again the matter of sale of Parcel X25A (Item 311) on Route 29 (1927), Sections 3B,1C & 2C, P.S.E. Railway to Morris Avenue. This parcel was acquired by the State at an estimated cost of $100. The officials of the Township of Hillside, by Resolution dated 8/5/58, have indicated their intentions to purchase this parcel and have submitted check in the sum of $100. therefor. It is recommended that the attached deed conveying Parcel X25A to the Township of Hillside for public use, be executed by the State Highway Commissioner and authority granted to make delivery of same to the Township Authorities. The State Highway Commissioner does hereby determine that Parcel X25A is no longer required for the use of the State of New Jersey in the improvement, betterment, reconstruction, or maintenance of any State Highway. (September 19, 1958)

Right of Way-Route FAI 295-1-(16) ✓

81. There is presented purchase agreement on Route FAI-108-1-(16), also known as 295-1-(16), Hollywood Avenue to New Jersey Turnpike; Parcels 3A,3B,3C & 3D, William W. Schaedler & Wife, consideration $500. Approval is recommended. (September 30, 1958)

Right of Way-Route FAI 80-5-(2) ✓

82. There is presented again the matter of acquisition of property on Route FAI-101-5-(2), also known as 80-5-(2), from West Shore Railroad in Ridgefield Park to Teaneck Road in Teaneck, Parcels 286A & 286B, Maurice Levy & Wife. Condemnation proceedings were previously authorized, at which time the owned did not state his demands. Continued negotiations have resulted in the execution of an agreement in the sum of $26,675 including a down payment of $6,500 (owner to retain and remove attic fan, living room chandelier, kitchen gas range, den room light fixture, cabinets in living and dining rooms and 6 radiators). It is recommended that this agreement be approved and that condemnation proceedings previously authorized be discontinued. It is further recommended that authority be granted to dispose of the buildings, either to the road contractor, by public auction or by sealed bids. (September 29, 1958)

Right of Way-Route FAI 295-2-(1) ✓

83. There is presented again the matter of condemnation of property on Route FAI-108-2-(1), also known as 295-2-(1), North-South Freeway (FAI-109) to Warwick Road, Parcels 6E & 6B, Maksymilian J. Lawnicki, et ux. At the hearing before condemnation commissioners, testimony on behalf of the owner was in the sum of $600 and testimony on behalf of the State was in the sum of $100. The commissioners made an award in the sum of $335 which will carry interest from 10-3-57, the date of possession. It is recommended that this award be approved. (Sept. 25,1958)

84. There are presented report and appraisal with map and description on Route 4 (1927), Section 4, Arcola to Hackensack River, Project U-189-(11), Parcel 122, Jay Co., Inc. It is recommended that authority be granted to institute condemnation proceedings for the acquisition of this parcel in fee simple subject to any public utilities existing in the premises. The owner refuses to state his demands. (September 30, 1958)

Right of Way-Route FAI 287-2-(2) ✓

85. There are presented report and appraisal with map and descriptions on Route FAI-104-2-(2), also known as 287-2-(2), Route U.S. 22 to Easton Avenue, Parcels 385 & 387, Joseph Kursar & Wife. It is recommended that authority be granted to institute condemnation proceedings for the acquisition of this parcel in fee simple, subject to any public utilities existing in the premises. The owners' demand of $19,500 is considered excessive. (September 26, 1958)

Right of Way-Route FAI 80-5-(2) ✓

86. There are presented report and appraisal with map and description on Route FAI-101-5(2), also known as 80-5-(2), from West Shore Railroad in Ridgefield Park to Teaneck Road in Teaneck, Parcel 200, Estate of Thora Anderson. It is recommended that authority be granted to institute condemnation proceedings for the acquisition of this parcel in fee simple subject to any public utilities existing in the premises. The owner is demanding $18,000 which is considered excessive. (September 30, 1958)

Right of Way-Route FAI 295-2-(1) ✓

87. There is presented again the matter of acquisition of property on Route FAI-108-2-(1), also known as 295-2-(1), North-South Freeway (FAI-109) to Warwick Road. Condemnation proceedings were previously authorized for the acquisition of Parcel 2R174, Anna Burnett. Subsequently, the search revealed that Anna Burnett did not own in fee a 12 ft. strip containing approximately 0.026 of an acre. The map has been revised to eliminate this area from theparcel to be acquired from Anna Burnett, which is now designated as Parcel 3R174. It is recommended that the previous action authorizing condemnation of Parcel 2R174 be rescinded; and authority granted to institute condemnation proceedings for the acquisition of Parcel 3R174 in fee simple subject to any public utilities existing in the premises. (September 25, 1958)

Right of Way-Route FAI 78-2-(8)

88. There is presented again the matter of acquisition of property on Route FAI-102-2-(8), also known as 78-2-(8), Still Valley to a Point East of Central Railroad of New Jersey, Parcel R4, Arthur E. Voorhees & Wife, on which an agreement in the sum of $55,000 was previously approved. Our Title Officer reports that the search reveals the New Jersey Power & Light Company has an easement for a high tension line affecting the premises in question. It is recommended that authority be granted to accept title to Parcel R4 subject to this easement and to make payment of the consideration agreed upon. (September 25, 1958)

Sale of Property ✓

89. There is presented a report from theTitle Officer concerning the following parcels which were included in the public sale held on June 16, 1958:

NO. 33 - 1958

SCHEDULE OF APPROVALS - NOVEMBER 10, 1958

Administration Items

Prequalification of Bidders

1. Approval is recommended of the attached list of assignment of classifications and/or reclassifications of prospective bidders as prepared by the Prequalification Committee in accordance with R. S. 52:35. The Committee consists of the Comptroller, Director and Chief Road Engineer, Counsel, and State Highway Engineer. (November 5, 1958)

Agreements-Borough of Mountainside

2. Approval and execution is recommended of the attached agreement between the State of New Jersey and the Borough of Mountainside covering understandings in connection with the granting of an easement to the Borough of Mountainside over lands owned by the State of New Jersey known as Parcel R-13 on Route U.S. 22 in the Borough of Mountainside. The purpose of this easement is to permit the Borough to enter upon the lands for the construction of storm and sanitary sewers which facilities after construction will be maintained by the Borough. (November 10, 1958)

Agreement-Borough of Collingswood

3. Approval and execution is recommended of the attached agreement between the Borough of Collingswood and the State of New Jersey relative to the construction and replacement of a stretch of water main which was inadvertently torn up during the construction of State Highway Route 42, Section 3B, in Collingswood. The Borough will cause the replacement of said water main for which work the State is to reimburse the Borough of Collingswood in an amount not to exceed $2,500. (November 5, 1958)

Agreements-City of Bridgeton

4. Approval and execution is recommended of attached Agreement between the City of Bridgeton and the State of New Jersey covering understandings in connection with the rearrangement of their water and sewer facilities to accommodate the construction of Route 77, Section 8-A, in the City of Bridgeton, Cumberland County. The State is to reimburse the City for the actual cost of the rearrangement which, including contingencies, is estimated at $23,255.00. (October 28, 1958)

Claims-Settlement

5. This claim arises out of an automobile accident which occurred on June 29, 1956, on Route #130, at the Ramp, in the vicinity of Airport Circle, Pennsauken Township, New Jersey, and involved a vehicle owned and operated by Florence Flynn, then living at 3302 Rosedale Avenue, Camden, New Jersey. As a result of this accident two electrical neon signs were damaged and had to be repaired at a cost of $165.68. Investigation by the Claims Bureau revealed that Mrs. Flynn was attempting to make a turn, from the Airport Circle into the Northbound lane of Route 130, when she was cut off by an unidentified vehicle and forced to jump the curb and strike the traffic signs. This information is verified by both a letter from Mrs. Flynn, dated June 7, 1956, and by the Police Report of the Pennsauken Township Police Department. No charges were preferred by the Pennsauken Township police against Mrs. Flynn. Our file also indicates that Mrs. Flynn is working part time in order to supplement her husband's only income, which is his pension as a retired railroader. Mr. Flynn's pension amounts to $150.00 per month. She was not insured for property damage and liability coverage when the accident occurred. Mrs. Flynn, in order to dispose of the State's claim in accordance with her ability to pay, offered the sum of $120.00, payable in monthly installments of $10.00 each. Mrs. Flynn has now completed her payments in accordance with her original offer. In view of the circumstances under which this accident occurred and the information received from Mrs. Flynn concerning her financial status, it is the opinion of the Claims Bureau that the State would be justified in accepting the above offer of settlement. This is in accordance with Mr. Levine's memorandum attached hereto, and the recommendation of William J. McCormack, Deputy Attorney General. (November 1, 1958)

STATE OF NEW JERSEY
STATE HIGHWAY DEPARTMENT
TRENTON

SCHEDULE OF APPROVALS - NOVEMBER 28, 1958

Administration Items

Prequalification of Bidders

1. Approval is recommended of the attached list of assignment of classifications and/or reclassifications of prospective bidders as prepared by the Prequalification Committee in accordance with R.S. 52:35. The Committee consists of the Comptroller, Director & Chief Road Engineer, Counsel, and State Highway Engineer. (November 25, 1958)

Claims-Settlements

2. This claim arises out of an automobile accident occurring on July 17, 1956 on Route 22, Hilldale Overpass, Hillside, New Jersey, and involved a vehicle owned and operated by Wilbert Coleman, 54 Boyd Street, Newark, New Jersey. As the result of the above-mentioned accident, guard rails on Route 22 were damaged and subsequently repaird at a cost of $107.07. Investigation by the Claims Bureau disclosed that Mr. Coleman did not have liability insurance coverage at the time this accident occurred. Further correspondence with Mr. Coleman through his attorney, Frank P. Marano, Esq., revealed that Mr. Coleman was heavily in debt as a result of an accident several years ago in New York City and was in the process of satisfying A Judgment in the amount of approximately $800. Mr. Marano further advised that Mr. Coleman earns approximately $75.00 per week, has four children with another expected, and was unable to make payment in full settlement of this claim due to his poor financial condition. Mr. Marano indicated that Mr. Coleman would be able to make small irregular payments of approximately $10.00 each, and asked if we would accept $60.00 in full settlement of this claim of $107.07. Many letters were written to Mr. Coleman and Mr. Marano by the Claims Bureau, including two personal calls by representatives of the Claims Bureau, with the result that Mr. Coleman has finally completed six payments of $10.00 each, totaling $60.00. In view of Mr. Coleman's financial status and the difficulty he has experienced in making the payments totaling $60.00, it is the opinion of the Claims Bureau that the State would be justified in accepting the above offer of settlement. This is in accordance with Mr. Levine's memo attached hereto, and the recommendation of William J. McCormack, Duputy Attorney General. (November 21, 1958)

3. The above named Junior Highway Engineer was involved in a third party accident on October 20, 1955 resulting in personal injuries to himself and damage to his personal automobile. As the result of the injureis sustained, the State Highway Department was required to expend the sum of $8.00 for medical services rendered and $1650 for permanent disability representing 10% of total. Our total compensation lien arising out of the accident amounts of $1658. The employee retained the services of Chanalis, Lynch & Maloney, Esqs. to represent him in his claim against the third party. A suit was instituted which resulted in the insurance carrier representing the third party offering the sum of $1650 for both the property damage and personal injury claims. The Hartford Accident & Indemnity Company, the collision carrier, has a subrogation claim for property damage in the amount of $1207. The attorney representing Mr. Stivali advised the Claims Bureau that if the matter went to trial, he was concerned about a jury verdict inasmuch as they only had about $60.00 representing total medical services rendered. A suggestion was made that if the State and the collision carrier would accept a compromise settlement, it might be for the best interests of all concerned. A proposal was made that the State accept $900 in full settlement of its lien, the insurance carrier $750 on its lien, and that the attorney would reduce his fee on the amount of the State's recovery by $50. and waive his right for reimbursement up to $200 for investigation and preparation of suit expenses as provided under the Workmen's Compensation Act. Under the proposed settlement, Mr. Stivali would not personally receive any further monies. The State by accepting this settlement would receive $900 less $250 attorney's fee making a net recovery of $650 on its lien. By comparison, if the State received settlement in full on its compensation lien, it would be subject to a statutory contribution of $553 towards counsel fee, plus expense of suit up to $200 which would make a net return to the State of $905. By accepting the proposed settlement, we are actually waiving $255 less than the amount we would receive in settlement in full. Giving due consideration to the risk involved should the matter go to a jury determination, it is the feeling of the ClaimsBureau that the best

(cont'd)

(cont'd)
interests of the State would be served by accepting the sum of $900 less attorney's fee, in full settlement of this claim and it is our recommendation that the offer of settlement, as outlined above, be approved, and in accordance with Mr. Levine's memorandum attached, hereto, and the recommendation of Deputy Attorney General William J. McCormack. (November 19, 1958)

Services-Engineering

4. Approval and execution is recommended of the attached agreement between Frank E. Harley & Associates and the State of New Jersey relative to the furnishing of engineering services for the proposed improvement of Route 10 from Whippany to State Highway Route 53 a distance of 2.5 miles. The Consultant is to be paid on a fee basis of 4.4% of a tentative estimate of cost of $1,000,000 or an amount of $44,000 and it is recommended that this amount be set up to cover the cost of the work called for in the agreement. (November 19, 1958)

5. Approval and execution is recommended of the attached agreement between Louis Berger & Associates, Consultants, andthe State of New Jersey relative to the performance of Engineering Services which involve the measuring for as-built quantities and completing of as-built plans for construction projects on Route I-80 (Old 101) Sections 2A,2B & 2C, which are presently under contract. The Consultant is to be paid on a cost-plus basis with the following ceilings: $71,500 for Section 2A; $62,400 for Section 2B, and $88,500 for Section 2C, making a total final fee amounting to $222,400. (November 24, 1958)

Utilities - Rt. 77, Sec. 8a

Agreements-City of Bridgeton

6. Approval and execution is recommended of the attached agreement between the State of New Jersey and the City of Bridgeton, covering understandings in connection with the rearrangement of the City's Police & Fire Alarm System made necessary on account of the construction of State Highway Route 77, Section 8A, Pearl Street. The City is to be reimbursed for the actual cost of this work which is estimated at $1,479.88 plus a contingency amount of $147.12 making a total estimated cost for which the City is to be reimbursed $1,627. (November 24, 1958)

Utilities-Route 30, Sections 3C & 4F

7. The Commissioner's action approved on August 6, 1958 called for the setting up of the sum of $2,400 including contingencies for reimbursement to the Passaic Valley Water Commission for rearranging their facilities to accommodate the construction of Route 20, Sections 3C & 4F, Paterson, New Jersey. This estimate was based on preliminary drawings which did not include a profile plan. However, after receiving more detailed information it was discovered that additional work was necessary. This additional work includes the rebuilding of 2 water meter vaults and the relocation of a hydrant and the raising of a manhole on a meter vault. This additional work amounts to $800 to which $100 should be added for contingencies making a total amount of additional work $900. Approval is, therefore, recommended to reimburse the Passaic Valley Water Commission for this additional work. The total estimated cost for the utility rearrangement work will, therefore, amount to $3,300. (November 24, 1958)

SCHEDULE OF APPROVALS - DECEMBER 8, 1958

Administrative Items

Agreements-L.V.R.R. Company-Route 102, Section 2E

1. Approval and execution is recommended of attached Agreement No. RRA-3-102-2 between the State of New Jersey and the Lehigh Valley Railroad Company providing for the right to construct, operate and maintain abutments and abutment footings, wing walls, wing wall footings, crib walls, bridge deck, roadway and roadway slopes on property of Railroad - also providing for right to construct roadway, roadway slopes and other highway facilities over and across said Railroad tunnels (presently in use and abandoned) and having a width of 305 feet in the Township of Bethlehem, Hunterdon County, to carry Interstate Route 102, Section 2E, over the track and right of way of Railroad. Also in connection with this work it is necessary for the Lehigh Valley Railroad Company to rearrange some of its facilities and it is recommended that they be reimbursed for the rearrangement work to accommodate this construction which is estimated at $114,687 - including salvage, which includes 10% contingencies. (December 3, 1958)

Route 102, Section 2E
Agreements-Central R.R. Co. of New Jersey-

2. Approval and execution is recommended of attached agreement No. RRA-2-102-2 between the State of New Jersey and the Central Railroad Company of New Jersey providing for the construction and maintenance of bridges, roadways, roadway slopes, storm drains, manholes, headwall and private grade crossing, in the Township of Bethlehem and Borough of Bloomsbury, Hunterdon County, to carry Interstate Route 102, Section 2E over the track and right of way of Railroad. Also, in connection with this work it is necessary for the Western Union Telegraph Company to rearrange some of its facilities. Inasmuch as the Railroad will derive no benefit from this improvement it is recommended that they be reimbursed for the rearrangement work to accommodate this construction which is estimated at $5,155.37 which includes 10% contingencies. The Western Union Telegraph Company is to be reimbursed for their rearrangement work which is estimated at $4,750 which includes 10% contingencies, making a total amount of reimbursement under this agreement $9,905.37. Payment by the State to be made separately to the Central Railroad Company and the Western Union Telegraph Company for their respective portions of the work. (December 3, 1958)

Approval of the consideration provided for in the Grant of Easement is recommended; and authority is requested to transmit this Grant of Easement to the New Jersey Power & Light Company, with the understanding that the State will rimburse the Utility Company under R.S. 27:7A-7. (December 4, 1958)

Right of Way-Route FAI 101-2-(7)

71. There is presented a report from the Engineer of Utilities concerning Parcels U2RE34B1 & U2RE34B2, Mykoli Oryszczyn on Route FAI-101-2-(7), Mount Arlington Road to Union Turnpike, required by the New Jersey Power & Light Company for the relocation of their utilities. Because of title complications, it will be necessary for the Company to institute condemnation proceedings for the acquisition of these parcels. The New Jersey Power & Light Company now has an 83-foot right of way at this location, whereas throughout the remainder of the line the width is 200 feet. The Company would like to acquire in these condemnation proceedings, sufficient additional lands to provide a uniform 200 feet right of way. The area required for Parcels U2RE34B1 and U2RE34B2 is approximately .7 acres whereas the total area that the Utility Company would condemn would be 2.1 acres. Authority is requested to accede to the wishes of the New Jersey Power & Light Company in this additional acquisition with the understanding that the State's share of the condemnation award and costs of said condemnation proceedings shall be 30%. It is recommended that authority be granted to transmit the data in connection with these easements to the New Jersey Power & Light Company for the institution of condemnation proceedings. NO. 1 - 1959

STATE OF NEW JERSEY
STATE HIGHWAY DEPARTMENT
TRENTON

SCHEDULE OF APPROVALS - JANUARY 9, 1959

Administrative Items

Claims-Settlements

1. There is presented a claim arising out of an automobile accident which occurred on October 11, 1956 on Route 17, Ramsey, New Jersey, involving Cromwell H. Case, an employee of the department, and a vehicle bearing lincense No. 108-1054 New York, owned and operated by James/and Henry Wilson. As a result of this accident, Mr. Case received personal injuries and the State was subsequently required to expend the sum of $529.14 for medical services and permanent compensation. Investigation by this office disclosed that the Wilson brothers did not have liability insurance coverage on their vehicle when the accident occureed. Further investigation disclosed that this accident occurred at a location where a new multiple lane highway, island, etc., was being constructed and that heavy two-way traffic was channelled into two completed lanes through the construction area. This occurrence was investigated by the New Jersey State Police which report stated that there was no improper driving indicated on the part of Mr. Wilson. For this reason no charges were made by the State Police against Mr. Wilson for violation of the New Jersey Motor Vehicles regulations. Mr. Case, the pedestrian, was attempting to cross the north bound lane when he was struck by the Wilson vehicle. The Wilson vehicle was forced to veer to the left to avoid striking the vehicle ahead of it, which had stopped suddently due to the prevailing traffic and construction operations. Continued investigation by this office revealed that the Wilsons reside in a six-story type dwellin in Harlem, and it is the opinion of our investigators who made personal calls at the Wilson home that their financial responsibility is poor. We were unable to recover any of this claim by correspondence and suit was therefore instituted against the Wilsons to keep the Statute of Limitations from running out. This action resulted in an offer of One Hundred & Fifty Dollars ($150.00) by their attorney, N. Henry Lindenauer, 150 Broadway, New York 38, New York, who advised our representative that the sum had to be raised via a loan. In view of the circumstances under which this accident occureed and the information received from Mr. Lindenauer concerning the financial responsibility of the Wilsons, it is the opinion of the Claims Bureau that the State would be justified in accepting the above offer of settlement rather than attempting to secure and collect a judgment which might very well be uncollectable. This is in accordance with Mr. Levine's memo attached hereto and the recommendation of William J. McCormack, Deputy Attorney General. (January 7, 1959)

Federal Aid-Primary System

2. It is recommended that the approval of the Bureau of Public Roads to add the following described Route to the Federal-Aid Primary System be requested: From a point on New Jersey Route 33 (F.A. Flood Damage-Hunterdon County

8. Approval is recommended of acceptance and authorization of final payment #2 in the amount of $8,102.36 for repairs to Township Roads, Kingwood Township, Hunterdon County, caused by the flood of August 18-19, 1955. Approval is further recommended of waiving the requirement for prior approval of Force Account procedure due to the emergent nature of the work. Payment is to be made on unit prices invoiced as they have been checked and found reasonable. This reimbursement is authorized by Chapter 228 P.L. 1955. (January 6, 1959)

Damages-Water Services

9. There is submitted herewith a complaint which deals with damages to waterservices which the property owners claim were caused by the E.& F. Trucking Company, Camden, New Jersey. It is understood that the insurance carrier for the E.& F. Trucking Company have declined to make adjustments to the property owners involved for their expenses in having these water services restored. The streets involved in this complaint are Nicholson Road, Rutgers Avenue and Oxford Avenue. In view of the attitude taken by the E. & F. Trucking, and the fact that George M. Brewster & Son, Inc., who simply pass the complaint on to the E. & F. Trucking Company, it is considered and recommended that the New Jersey State Highway Department, in the interest of good public relations, assume the cost of repairs to these broken water services and reimburse the owners for their expenditures for these repairs. The owners involved are as follows:

Mrs. H. Christianson, 42 Rutgers Avenue -	$65.00
Mr. Glassman, 20 Rutgers Avenue -	50.00
Mrs. McWhirter, 63 Harvard Avenue -	152.00
Mr. Ralph H. Douglas, 230 Nicholson Road-	58.70
Mrs. H. Goldsmith, 219 Nicholson Road -	79.00

(January 13, 1959)

Route S40 (1927), Route 72 (1953), Section 5D

28. It is recommended that Ole Hansen & Sons, Inc., contractors for the construction of Route S-40(1927), Route 72 (1953), Section 5D, from Hilliard to Ship Bottom, Grading & Paving, be granted an extension of time for the completion of their contract from the contract completion date December 1, 1958 to July 31, 1959 with the understanding, however, that this project be opened to traffic by May 29, 1959 and that all other work be completed by July 31, 1959. The reason for this request for the extension of time is that the contractor was unable to begin operations due to the operations being carried on by adjoining bridge contractors. Although the contractor was in a postion to start work immediately in March 1958 he was not able to start operations until September of 1958 on a limited scale only. Because of weather conditions, road work cannot be expected to start until April 1, 1959 and the remaining four months time would establish the date of completion - July el,1959. It is, therefore, recommended that this extension be approved. (January 19, 1959)

Federal Aid Secondary Item

Madison Avenue Extension-Passaic County

29. On January 31, 1958 the Commissioner accepted as completed the work done by V. - - - - - - - -

There is presented again the matter of acquisition of an easement in the name of the New Jersey Power & Light Company on Route FAI-101-2-(2) also known as 80-2-(2), Mount Hope-Rockaway Road to US 46 at Denville; Parcel UE154B1, John J. Gilmore and wife. Authority was previously granted to transmit the data in connection with this easement to the New Jersey Power & Light Company for the institution of condemnation proceedings at which time the owners were demanding $2,000. The owners have now executed a Grant of Easement in the name of the New Jersey Power & Light Company for the sum of $1,650. Approval of the consideration provided for in the Grant of Easement is recommended; authority is requested to submit this Grant of Easement to the New Jersey Power & Light Company with the understanding that the State will reimburse the Utility Company under R.S. 27:7A-7. It is further recommended that the previous action recommending condemnation in this case be rescinded. (January 15, 1959)

Right of Way-Route FAI-295-2(1)

93. There is presented again the matter of acquisition of property on FAI-108-2-(1), North South Freeway(FAI 109) to Warwick Road; also known as 295-2-(1), Parcels R5A, 5B,5C & 5D, Caroline Swistek & Husband, on which an agreement was previously approved in the sum of $15,000 plus the dwelling. It was subsequently learned that the garage adjacent to Parcel 5C was incorrectly located on the plans, and consequently no damage to the garage was included in any of the appraisals. The appraisers have reconsidered this situation in the light of the corrected plan, and have now allocated damages to the garage. The owners have executed and submitted a Release of all claims for damages by reason of the loss of the use of the garage (consideration $300.) It is recommended that this Release be accepted and authority granted to pay the sum of $300 therefor; making the total consideration for Parcels R5A,5B,5C & 5D - $15,300 plus the dwelling. (January 15, 1959)

Respectfully submitted,

Kenneth D Rice

6.

Utilities-Route 287, SectionsslA & 2A

In connection with the proposed construction of Interstate 287, Sections 1A & 2A, at Weston Canal Road, in the Township of Franklin, County of Somerset, it became necessary for the Elizabethtown Water Company Consolidated to relocate their 60" water main. The company, prior to knowledge of the proposed location of this route, formulated plans and contracted for the construction of a 60" transmission water main. However, when plans for the viaduct crossing over Raritan River & Weston Canal Road were in the process of development by the Department's Consultants it became apparent that the 60" main, as originally proposed, would conflict with the proposed viaduct pier. The company obligated to the extent of revising the water main alignment to avoid the conflict and is requestingreimbursement for the additional cost involved in this revision. The company is submitting a bill for the actual cost of the additional work and material which amounts to $17,253.09 and it is, therefore, recommended that the Elizabethtown Water Company Consolidated be reimbursed for this amount. (January 29, 1959)

Utilities-Route 18, Section 2

7. Approval and execution is recommended of the attached agreement between the State of New Jersey and the City of New Brunswick relative to the reimbursement to be made to the City for the relocation of their existing water and sanitary sewer systems to accommodate the construction of Route 18, Section 2, in the City of New Brunswick, County of Middlesex. The City is to be reimbursed for this relocation at an estimated cost of $8,575 to which there should be added approximately 10% for contingencies making a total amount to be set up for reimbursement $9,400. (January 30, 1959)

Utilities-Route 25, Section 6G

8. To accommodate the construction of Route 25, Section 6G, in Edison Township, Middlesex County, it was necessary for the Township of Edison, Division of Fire, to rearrange their existing fire alarm facilities. The Township engaged Charles Tarr, Inc., who normally does all the maintenance and repair work of this nature for them, to make the necessary rearrangements and are submitting a bill in an amount of $156.84 to cover the actual cost of this work. The Township requests that we make payment directly to Charles Tarr, Inc., 13 Corey Street, Fords, New Jersey. Approval is recommended in reimbursing the Township for this work but that payment be made directly to Charles Tarr, Inc., in the amount indicated. (January 29, 1959)

Utilities-Route 28, Section 7C

9. to accommodate the construction of Route 28, Section 7C, in the Borough of Somerville, County of Somerset, it was necessary for the Borough to rearrange its existing fire alarm facilities. The Borough of Somerville has made the necessary rearrangements with their own forces and have submitted a bill in the amount of $217.58 to cover the actual cost of this work. It is recommended that the Borough be reimbursed in the amount indicated. (January 30, 1959)

No Parking Zones

10. In accordance with the provisions of section 78, chapter 23, L. 1951 (c. 39:4-138.1) it is recommended that the attached regulation be adopted establishing "No Parking Zones" along Route 42, North-South Freeway, City of Camden, Gloucester City, Mt. Ephraim Borough and Gloucester Township, Camden County. (January 28, 1959)

- - - - - - ~~Speed Limits~~

11. In accordance with the provisions of section 78, chapter 23, L. 1951 (c. 39:4-138.1) it is recommended that the attached regulation be adopted establishing "No Parking Zones" along Route 82 (Morris Avenue), Township of Union, Union County. (January 28, 1959)

Speed Limits

12. In accordance with the provisions of R.S. 39:4-98 (as amended) it is recommended that the attached regulation be adopted establishing legal speed limits along Route 35, Eatontown, New Shrewsbury, Middletown, Holmdel, Raritan, Shrewsbury, Red Bank & Keyport Boroughs and/ Matawan Townships, Monmouth County, and that Regulation LS-55-64, adopted January 4, 1956 and approved January 6, 1956, be rescinded. (January 23, 1959)

(February 10, 1959)

Federal Aid Secondary Item

Hamilton Street-Somerset County

13. (Somerset) There is presented a copy of a resolution adopted by the Somerset County Board of Freeholders recommending the acceptance of Hamilton Street, Somerset County, Federal Aid Secondary Project No. DS232(2) as completed. It is therefore recommended that the work on the contract of Jannarone Engineering Company for the construction of this project, be accepted and that final payment be authorized when the necessary formalities have been observed. (February 11, 1959)

Electrical Items

Signals-Traffic

14. There is presented from the Bureau of Electrical Operations report, agreements and plan covering the installation of a semi-actuated traffic signal with pedestrian push buttons, at the intersection of Route 27 and Grove Avenue, Metuchen Borough, in the County of Middlesex. The estimated cost for this installation is $7,200. The State's share of the estimated cost will be $5,400 and the Borough of Metuchen will pay the remaining $1,800. There will be an annual maintenance cost to this department of $240. It is respectfully recommended that authorization be given to the Electrical Bureau to make the installation as outlined in report dated February 9, 1959 and the agreements, which have been approved by the Attorney General be signed by the proper officials of this department. (February 11, 1959)

Right of Way-Route 295

57. There is presented again the matter of acquisition of property on Route FAI-108-2-(1), also known as 295-2-(1), North-South Freeway (FAI 109) to Warwick Road, Parcels 6E & 6B, Maksymillian J. Lawnicki et ux. An appeal was previously authorized from a Commissioner's award in the sum of $335 plus interest from October 3, 1957. Continued negotiations have resulted in the execution of an agreement in the sum of $250. It is recommended that this agreement be approved and that the appeal be discontinued. (February 10, 1959)

Right of Way-Route 78

58. There are presented report and appraisal with map and description on Route FAI 102-2-(15) also known as 78-2-(15), from a Point East of Central Railroad of New Jersey to Mulhockaway Creek, Parcel R5, Russel Vliet & Wife. It is recommended that authority be granted to institute condemnation proceedings for the acquisition of this parcel in fee simple subject to any public utilities existing in the premises. The owner is demanding $1,000 which is considered excessive. (February 11, 1959)

Right of Way-Route 4 Parkway

59. There is presented a report from the Title Officer on Route 4 Parkway, Section 8, Route 28 to Galloping Hill Road, Parcel 172A & B, Luzio Romagnoli, on which an agreement was previously approved in the sum of $500 subject to tax liens estimated at the time to be $1,147.94. Mr. Romagnoli has delivered the deed and received payment in the sum of $500. The agreement has been consummated with the exception of the payment of the tax liens due to the Borough of Kenilworth. The Common Council of the Borough of Kenilworth has adopted a resolution providing for payment of the tax lien by the State in the amount of $1,290. This amount plus the $500 already paid to Mr. Romagnoli is within the recommended settlement range. It is therefore recommended that authority be granted to pay the Borough of Kenilworth the sum of $1,290 in accordance with the resolution and invoice submitted herewith. (February 11, 1959)

Right of Way-Route 80

60. There is presented a report from the Title Officer on Route FAI-101-2-(11), also known as 80-2-(11), between East Side of Landing Road and 3000 feet West of Mount Arlington Road, Parcel 9, Russell Brown & Wife, on which an agreement was previously approved in the sum of $2,540. The title search reveals a complication due to the fact that the Morris Canal Company (predecessors in title), acquired the greater portion of which is now Parcel 9 by a condemnation proceeding in 1831.
Mr. Russell Brown has had undisturbed record title since 1926; and the possibility of a claim superior to such ownership is considered very remote. It is therefore recommended that authority be granted to accept the deed from Russell Brown & Wife and to pay the sum of $2,540 therefor in accordance with the agreement. (February 11, 1959)

Right of Way-Transfer of Property

61. There is presented a report from a title officer with reference to the transfer of the below listed properties from the State Highway Department to the New Jersey Highway Authority, in accordance with agreement between the State and the Authority dated October 18, 1957:

Route	Section	Parcel No.	Acquired by State From

		R70A-7	Township of Middle
		R70A-8	Township of Middle
		R70A-11	William J. Flynn, et ux
		73A & 73B	Helen Dobbs Mackie, et als

It is recommended that the three attached deeds be executed by the Commissioner, and authority granted to transmit them to the New Jersey Highway Authority. Under the terms of the agreement dated October 18, 1957, check in the sum of $26,630.75 has already been delivered to the State. (February 11, 1959)

Right of Way-Field Office, Bogota

62. There is presented bids for the installation of toilet facilities, together with carpentry and electrical work to be done at the field office of the Division of Right of Way Acquisition & Title located at 239 Fairview Avenue, Bogota, New Jersey, as follows:

Charles Olson	Teaneck, New Jersey	$ 360.00
Julius P. Richter	Teaneck, New Jersey	525.00

It is recommended that authority be granted to enter into an agreement with Charles Olson, the low bidder for the above work. (February 11, 1959)

Right of Way-Appraisal Orders

63. There are presented the following Appraisal Orders:

Date Issued	Order No.	Appraiser	County	No. Parcels	Fee
2/4/59	1959-A-67	Kenneth J. Yeaton	Hunterdon	1	$ 100
2/6/59	1959-A-68	S. William Walstrum	Bergen	1	150
2/6/59	1959-A-69	Eugene F. Demarest	Bergen	1	150

It is recommended that these Appraisal Orders be approved. (February 11, 1959)

The Approvals as indicated in this Schedule are hereby ratified and confirmed.

Dwight R.G. Palmer
State Highway Commissioner

Respectfully submitted,

The committee consists of the Comptroller, Director & Chief Road Engineer, Counsel, and State Highway Engineer. (February 25, 1959)

Federal Aid-Interstate Funds

3. It is requested that the attached project agreement in duplicate be approved and executed for Construction: FAI Route 78, Section 2F, Bridges over Central R.R. of N.J. & Lehigh Valley R.R. in Bloomsbury & Bethlehem Townships, Project No. I-78-2(14)10. The amount of Federal Aid Interstate Funds obligated is $1,569,240.00, which is 90% of the estimated cost for Federal participation. (February 26, 1959)

Utilities-Route U.S. 1 & 9, Sections 1 & 2

4. To accommodate the construction of Route US 1 & 9, Sections 1 & 2, in the City of Newark, it will be necessary for the Public Service Electric & Gas Company to rearrange their gas main facilities leading into the Essex Generating Station at Raymond Boulevard. It is recommended that the Public Service Electric & Gas Company be reimbursed for this work which is estimated at $2,495.56 to which $249.44 should be added for contingencies bringing the total reimbursable amount to $2,745. (February 19, 1959)

Utilities-Route 208, Section 3

5. To accommodate the construction of Route 208, Section 3, at Grandview Avenue, it will be necessary for the Ridgewood Water Company (municipality owned corporation) to rearrange their water facilities which work is estimated at $5,600 to which $560. should be added for contingencies bringing the total estimated cost to $6,160. and it is recommended that the Utility Company be reimbursed for this work. (February 19, 1959)

Utilities-Route 208 & Lafayette Avenue

6. It will be necessary for the New Jersey Bell Telephone Company to rearrange their telephone facilities in Lafayette Avenue to accommodate the construction of a proposed bridge for the grade separation of Route 208 & Lafayette Avenue. The cost of this work is estimated at $2,418.88 to which $241.12 should be added for contingencies bringing the total amount of reimbursable work to $2,660 and it is recommended that the New Jersey Bell Telephone Company be reimbursed in the amount indicated. (February 19, 1959)

Utilities-Route 78

7. Under date of December 3, 1958 the Commissioner's action was approved between the Central R.R. Companyof N.J. and the Western UnionTelegraph Company and the State of New Jersey relative to the rearrangement of their facilities to accommodate the construction of Interstate Route 78. The Utility Companies are asking for a change in the scheme of the proposed rearrangement work which in the original agreement called for the relocating of the facilities through underground duct and manholes on a permanent one move basis. The new scheme calls for the placing of communication facilities underground for temporary location and railroad signal facilities underground as a permanent relocation and after bridge construction the communication facilities to be relocated aerial on a permanent basis. This change of plan resulted in an increase in the amount set up of $1,464.63 making a total amount to be set up including approximately 10% contingencies of $11,370. The amount on the original agreement was $10,343.80. Approval of this new scheme is recommended. (February 25, 1959)

Services-Engineering

5. Approval and execution is recommended of the attached agreement between Edwards & Kelcey, ConsultingEngineers, and the State of New Jersey relative to the performance of Engineering Services for the improvement of State Highway Route 21 between Riverside Avenue & William Street, a distance of about 1 mile. The consultant is to be paid on a lump sum fee basis of $67,000 to which should be added approximately 10% for extra work which may be necessary making a total amount to be set up to cover the cost of the work under this agreement $74,000. (March 6, 1959)

- - - - - - - -

6. Approval and execution is recommended of attached agreement between John J. Kassner & Company and the State of New Jersey relative to the performance of Engineering Services in connection with the improvement of State Highway Route 35 from Red Bank to the vicinity of Shrewsbury Avenue, then skipping southwardly to the vicinity of Eatontown Circle, Monmouth County, a distance of about 2 miles. The consultant is to be paid on a force account basis plus a retainage and the total payment for force account items including retainage shall not exceed $46,800 and it is recommended that this amount be set up to cover the cost of the work called for under this agreement. (March 4, 1959)

Agreements-County of Ocean

7. Approval and execution is recommended of the attached agreement between the County of Ocean and the State of New Jersey covering understandings in connection with the construction by the County of a storm sewer at Carter Avenue and Lake Avenue, Point Pleasant Beach Borough, Ocean County, New Jersey. The State is to share in the cost of this work in an amount not to exceed $3,250. (March 4, 1959)

Reimbursement-Township of North Brunswick

8. On account of the construction of Route 26, Section 5D, it will be necessary for the Township of North Brunswick to extend customer water services at Orchard Street jug-handle on Route 26 in the Township of North Brunswick, County of Middlesex. Because the township is not adequately staffed or equipped to perform this work with its own forces they have received three (3) bids from contractors, the lowest of which is from C.J. Pardun & Sons in the amount of $3,910. It is, therefore, recommended that the Township of North Brunswick be reimbursed for this work and that an amount be set up of $3,910 plus $390. for contingencies, making a total amount to be set up for reimbursement $4,300. It is further recommended that payments be made directly to the Township's contractor, C.J. Pardun & Sons. (March 5, 1959)

Services-Engineering

9. To accommodate the construction of Route 208, Sections 2 & 3, it will be necessary for the New Jersey BellTelephone Company to rearrange their telephone facilities in Grandview Avenue, Wyckoff and in Ewing Avenue, Franklin Lakes. It is recommended that the Utility Company be reimbursed for this work for which the estimated cost at Grandview Avenue is in the amount of $594. which includes 10% contingencies and the estimated cost at Ewing Avenue is $1,166. which also includes 10% contingencies making a total estimated cost for this work $1,760. (March 6, 1959)

Federal Aid-Primary Funds

10. It is requested that the attached project agreement in duplicate be approved and executed for construction: N.J. Route 208 from Goffle Road to 1300 Feet West of Grandview Avenue, Project No. F-189(18). The amount of Federal-Aid Primary Funds obligated is $536,000 which is 50% of the estimated cost for Federal participation. (March 4, 1959)

- - - - - - - - -

11. It is requested that the attached project agreement in duplicate be approved and executed: FAI Route 80 from Interchange at Union Turnpike in Wharton to Route US 46 at Denville, Project I-101-2-(4) Old Project NJ-I-80-2(4)34. The amount of Federal Aid Interstate Funds obligated is $538,231.50 which is 50% of the estimated cost for Federal participation. (March 2, 1959)

No Parking Zones

12. In accordance with the provisions of section 78, chapter 23, L. 1951 (c. 39:4-138.1) it is recommended that the attached regulation be adopted establishing "No Parking Zones" along Route U.S. 30, Barrington, Lawnside, Magnolia, Somerdale, Stratford, Laurel Springs, Lindenwold, Clementon & Berlin Boroughs & Waterford Township, Camden County. It is further recommended that Regulation RP-57-33, adopted October 9, 1957 and approved October 14, 1957, be rescinded. (March 2, 1959)

- - - - - - - -

13. In accordance with the provisions of section 78, chapter 23, L.1951 (c. 39:4-138.1) it is recommended that the attached regulation be adopted establishing "No Parking Zones" along Route U.S. 206, Town of Newton, Sussex County. (March 2,1959)

Right of Way Items

Right of Way-Route FAI 80

43. On January 28, 1959 the State Highway Commissioner approved the General Property Parcel Map on Route FAI-80-4-(4), from Glover Avenue to Passaic River. In order that there be a definite distinction between the Federal project numbers and the New Jersey State Highway route numbers, it is requested that the Commissioner authorize the changing of the official action to read as follows: "There is presented the General Property Parcel Map on Route 80, Section 4D, from Glover Avenue to Passaic River, Federal Project I-80-4-(4)***." All other wording in the action of January 28, 1959, to remain the same as approved. Since many records throughout the Department and the Bureau of Public Roads already bear the approval date of January 28, 1959, it is suggested that the date for the approval of the correction remain as January 28, 1959. 71.. There is presented report and appraisal with map and description on Route FAI 108-2-(1), also known as 295-2-(10), North-South Freeway (FAI 109) to Warwick Road, Parcel 44, Unknown Owner. It is recommended that authority be granted to institute condemnation proceedings for the acquisition of this parcel in fee simple subject to any public utilities existing in the premises. Unable to Locate owner. (March 2, 1959)

Right of Way-Route S4B, 208 (1953)

72. There are presented description and map on Route S4B (1927), Section 1, R-144 C Route 208 (1953), Route 4 to Goffle Road, Project F-189-(16), Parcel [redacted], Wilcar Investment Corporation. It is recommended that authority be granted to institute condemnation proceedings for the acquisition of this parcel in fee simple, subject to any public utilities existing in the premises. Owner's demands are considered excessive. (March 2, 1959)

Right of Way-Route FAI-80

73. There is presented again the matter of acquisition of property on FAI-101-4-(3), also known as 80-4-(3), New York, Susquehanna & Western Railroad to a point East of Garden State Parkway, Parcel 27, Heirs of Estate of Adolph Cuhaj, on which an agreement was previously approved in the sum of $1,000. A report from our Title Officer indicates the will of Adolph Cuhaj does not carry any Power of Sale, either express or implied; and the devisee is an infant only 13 years of age. The Executrix has asked that the State acquire thissparcel through condemnation. Because of this title complication, it is recommended that the previous agreement be rescinded and that authority be granted to institute condemnation proceedings for the acquisition of this parcel in fee simple subject to any public utilities existing in the premises. (March 6, 1959)

SCHEDULE OF APPROVALS - MARCH 20, 1959

Administrative Items

Claims-Settlements

1. There is presented a claim arising out of an accident occurring on June 14, 1958, at the Lovelandtown Bridge, Ocean County, involving a vehicle owned and operated by Richard M. Keller. As the result of the aforesaid accident, the bridge railing and manual gate was damaged and had to be repaired at a cost of $288.62. Mr. Keller, at the present time is a member of the United States Armed Forces, assigned to the U.S. Atlantic Fleet, and is presently stationed at Lakehurst, New Jersey. Mr. Keller, through his legal officer, advises that at the time of the accident, did not carry property damage insurance on his vehicle, and that his monthly take home pay amounts to only $124. As a result of a conference held between Mr. Keller, his legal officer, and a representative of the Claims Bureau, an offer of settlement was made in the amount of $200 in full settlement of the State Highway Department's bill, payable over a period of three months. Mr. Keller has now completed paying the sum of $200 in accordance with his original proposal. In view of the fact that this individual carried no insurance at the time of the mishap and has faithfully carried out the terms of his proposal and has liquidated this claim in accordance with his financial ability to pay, it would appear that the Department would be justified in accepting the offer of $200 in accordance with Mr. Levine's report, attached hereto, and the recommendation of William J. McCormack, Deputy Attorney General and the cancellation of the balance of the claim in the amount of $88.62. (March 9, 1959)

- - - - - - - -

2. There is presented a claim arising out of an accident occurring on November 17, 1958, at the Millstone River Bridge in Kingston, New Jersey, involving a vehicle owned and operated by Frank Lemli. As the result of this accident, the concrete parapet was damaged and had to be repaired at a cost of $213.95, to which an overhead charge of $17.12 was added making a total claim of $231.07. The debtor recently called at the ClaimsBureau office to advise that at the time he purchased the 1954 Mercury, he was under the impression that his vehicle was fully insured, and it was not until he forwarded the State Highway Department's bill to his insurance carrier that he learned that the vehicle was insured for collision only and not for property damage. The individual involved is married, has two children, and has worked for the Public Service Electric & Gas Company as a gas mixer for the past 12 years. He works forty hours a week, receives $2.25 per hour, and receives no overtime work. His car, as a result of this accident was a total loss and has not been replaced to date. In order to dispose of this claim and satisfy the Financial Responsibility Section of the Motor Vehicle Division, Mr. Lemli has taken a loan from a local bank and has offered the sum of $175 in cash, in full settlement of this claim. Considering the foregoing it would appear that the Department would be justified in accepting the offer of $175 in accordance with Mr. Levine's report attached hereto and the recommendation of William J. McCormack, Deputy Attorney General, and the cancellation of the balance of the claim in the amount of ~~$66.07~~ 56.07. (March 9, 1959)

Utilities-Route 295, Section 1

3. Approval and execution is recommended of attached Order PUO-18A-295-1 issued to the Public Service Electric & Gas Company covering understandings in connection with the rearrangement of their facilities to accommodate the construction of Interstate 295, Section 1, in the Borough of Westville, Township of Deptford, Gloucester County. The Utility Company is to be reimbursed for the actual cost of this work which including 10% contingency amounts to $57,090. (March 16, 1959)

Services-Engineering

4. Approval and execution is recommended of the attached agreement between Howard, Needles, Tammen & Bergendoff, Consultant, and the State of New Jersey relative to the performance of Engineering Services in connection with the grade separation reconstruction of a bridge at the intersection of State Highway Route 28 and the Lehigh Valley Railroad at Westfield Avenue, Roselle Park. The Consultant is to be paid on a force account basis but in no event shall the sum total of payments be in excess of $27,500 and it is recommended that this amount be set up to cover the cost of the work called for under this agreement. (March 11, 1959)

Utilities-Route 80, Section 4

5. Approval is recommended of the preliminary engineering involved in the utility rearrangements necessitated by theproposed construction of Freeway Interstate 80, Section 4, Passaic River to Garden State Parkway including interchange at Parkway and temporary work in vicinity of Route 20, West of Passaic River, Counties of Passaic & Bergen. Listed below is the preliminary work required with the amounts indicated:

Condemnation proceedings were previously authorized for the acquisition of Parcel 355 from Hyman Krakovsky & Wife, which parcel contained 3,300 s.f. Subsequently, our plan was revised and we now require from these owners Parcels 355A & 355B containing 8,510 s.f. Our offer for these two parcels has been refused,and the owners have not indicated what amount would be acceptable. It is therefore recommended that authority be granted to institute condemnation proceedings for the acquisition of Parcels 355A & 355B in fee simple, subject to any public utilities existing in the premises. It is further recommended that the previous action authorizing condemnation of Parcel 355 be rescinded. (March 31, 1959)

Right of Way-Route 80

103. There is presented again the matter of a Grant of Easement in the name of the New Jersey Power & Light Company on Route FAI 101-2-(7), also known as 80-2-(7), from a point West ofMt. Arlington Road to Union Turnpike, Wharton. A Grant of Easement in the name of the New Jersey Power & Light Company was previously submitted to the Commissioner covering Parcel UE28C (encumbering approximately 0.42 of an acre) Sidney Mayer & Wife and Henry Mayer & Wife; and the consideration of $1,100 contained therein was approved, with the understanding that the State will reimburse the Utility Company under R.S. 27:7A-7. Subsequently the plan was revised. A Grant of Easement in the name of the New Jersey Power & Light Company covering Parcel URE28C (encumbering approximately 0.59 of an acre) has now been executed at a consideration of $1,100. Approval of this consideration is recommended; and authority is requested to transmit this Grant of Easement to the New Jersey Power & Light Company, with the understanding that the State will reimburse the Utility Company under R.S. 27:7A-7. It is further recommended that the previous action covering Parcel UE28C be rescinded. (March 31, 1959)

Right of Way-Route 23

104. There is presented again the matter of acquisition of 14 miles of abandoned right of way of the New York, Susquehanna & Western Railroad, State Highway Route 23, from Franklin Furnace to Sussex and thence State Highway Route 84 from Sussex to the New York State Line. It is recommended that the previous action authorizing acquisition of this abandoned railroad right of way in the sum of $29,000 and the transfer of $29,000 from available balances in Right of Way Accounts, be rescinded, and that the property be not acquired. (March 31, 1959)

105. There is presented report from the Title Officer together with Deed for conveyance of Parcel V169B on Route FAI 108-2-(1), North-South Freeway (FAI 109) to Warwick Road, from the State of New Jersey to the Borough of Lawnside. This conveyance is being made in accordance with an agreement approved by the State Highway Commissioner on August 29, 1959, under the terms of which the Borough of Lawnside conveyed to the State Parcels R168A,R168B,168C,R168D,168E & 168G at a consideration of $11,500 plus conveyance of Parcel V2R169B. Subsequent to the approval of this agreement the parcel number was changed on our Right of Way plans from V2R169B to V169B. All other terms of this agreement have been consummated. It is recommended that this deed be executed and authority granted to make delivery of same. The State Highway Commissioner does hereby determine that Parcel V169B is no longer required for the use of the State of New Jersey in the improvement, betterment, reconstruction, or maintenance of any State Highway. (March 26, 1959)

Right of Way-Route 4 Parkway ✓

106. There is presented the matter of disposal of a parcel of land adjacent to Parcel 4P on Route 4 Parkway, Section 1, from Route 35 to Route 25. The area involved is approximately 250 s.f. and is part of a vacated street not required for highway purposes. Authority is requested to dispose of the parcel at public auction for not less than $25.00 plus the cost of the sale estimated at $150. (March 30, 1959)

Right of Way-Route 28-24 CL, Secs. 1 & 2

71. There is presented report from theTitle Officer together with Deed for the conveyance of Parcel V14B1B on Route 28-24 Connecting Link, Sections 1 & 2, Still Valley to Route 24, from the State of New Jersey to the Trustees of the Lutheran Church of Saint James in the Township of Greenwich. This conveyance is being made in accordance with an agreement approved by the State Highway Commissioner on September 29, 1958 under the terms of which the Board of Trustees of the Lutheran Church of Saint James conveyed Parcels X14B2A & W14B1A for the consideration of $1.00 and are to pay the State the sum of $600 for the conveyance of Parcel V14B1B. All other terms of the agreement have been consummated. It is recommended that this Deed be executed and authority granted to make delivery of same upon receipt of the consideration of $600. The State Highway Commissioner does hereby determine that Parcel V14B1B is no longer required for the use of the State of New Jersey in the improvement, betterment, reconstruction or maintenance of any State Highway. (April 1, 1959)

Right of Way-Route 23, Section 15

72. There is presented a report from the Title Officer on Route 23, Section 15, Project F53-(5), High Point Park at Steeny Kill Lake to Clove Road; Parcel 17, John G. Golsong & Wife, on which an agreement in the sum of $125 was previously approved. Examination of the title has failed to disclose the owner of record. Mrs. Golsong claims title through her former husband, William Slaughter, by reason of over 40 years' adverse possession. In order to avoid the expense involved in condemnation proceedings and because of the small consideration involved, it is recommended that authority be granted to accept a warranty deed from Mrs. Golsong for whatever right, title and interest she may have; and to pay the sum of $125 therefor. (April 1, 1959)

NO. 11 - 1959

Right of Way-Route 23

73. There is presented a report from the Title Officer on Route 23, Section 15, Project F53-(5), High Point Park at Steeney Kill Lake to Clove Road; Parcel 7A & 7B, Charles W. Carmen & Wife, on which an agreement in the sum of $50. was previously approved. Examination of the title indicates that Mr. Carmen has title based on a tax sale certificate. It is noted, however, that the record owner, Harriet L.Hamilton acquired title in 1891 and it is improbable that she or her heirs could be located at the present time. In 1929 the Township of Montague purchased the property for unpaid taxes for the years 1921 to 1927 inclusive, and on September 14, 1953, assigned the tax sale certificate to Charles W. Carmen, for a consideration of $642. In order to avoid the expense involved in condemnation proceedings and because of the small consideration involved, it is recommended that authority be granted to accept a warranty deed from Mr. Carmen & Wife, for whatever right, title and interest they may have, and to pay the sum of $50. therefor. (April 1, 1959)

Right of Way-Route 80

74. There are presented invoices from the New Jersey Power & Light Company covering parcels acquired in the name of the Company, the considerations for which were previously approved by the State Highway Commissioner, with the understanding that the Utility Company would be reimbursed by the State in accordance with R.S. 27:7A-7. These invoices cover the following parcels on Route FAI-101-2-(2), (Route 80), Mt. Hope-Rockaway Road to Route U.S. 46 at Denville; and 101-2-(7), (Route 80), West of Mount Arlington Road to Union Turnpike:

NO. 12 - 1959

STATE OF NEW JERSEY
STATE HIGHWAY DEPARTMENT
TRENTON

SCHEDULE OF APPROVALS - APRIL 14, 1959

Administrative Items

Section 15
Determination & Order-Rt. 9 (1917), 28 (1953)

1. Approval and execution is recommended of the attached Determination & Order abandoning a certain portion of Route 9 (1917), Route 28 (1953), Section 15, no longer needed in the State Highway system and as shown in red on the attached plan. (April 13, 1959)

Services-Engineering

2. Approval and execution is recommended of the attached agreement between Frank Walton Bohren, Consultant, and the State of New Jersey relative to the performance of Engineering Services in connection with the improvement of a portion of State Highway Route 12, namely, the Frenchtown Hill on the road to Flemington and on a portion of Route 69, Section 4 (Rocktown Hill). The Consultant is to be paid on a fee basis of 5% of a tentative estimate of cost of $225,000 for the Frenchtown Hill project or $11,250 and a fee basis of 5.5% for the Rocktown Hill project or $10,000 and it is recommended that these amounts be set up to cover the cost of the work called for under this agreement. (April 13, 1959)

Utilities-Route 18, Section 2

3. To accommodate the construction of Route 18, Section 2, Interchange with Route 25 in the City of New Brunswick, it will be necessary for the Public Service Electric & Gas Company to rearrange its facilities. It is recommended that the utility company be reimbursed for this work, which including 10% for contingencies, amounts to $4,450. (April 8, 1959)

Utilities-Route 18, Section 4

4. To accommodate the construction of Route 18, Section 4, Old Bridge Circle to Pine Street, in the Township of Madison, it is necessary for the New Jersey Bell Telephone Company to rearrange their telephone facilities. It is recommended that the utility company be reimbursed for this work which is estimated at $5,801.77 (Scheme C). (April 13, 1959)

- - - - - - - -

5. To accommodate the construction of Route 18, Section 4, Old Bridge Traffic Circle to Pine Street, it will be necessary for the New Jersey Bell Telephone Company to relocate some of its telephone cable. It is recommended that the utility company be reimbursed for this work which is estimated at $800. This amount takes into consideration some premium time to be paid to the company in order to expedite the construction work. (April 13, 1959)

Utilities-Route 80
Reimbursement-Borough of Wharton

6. To accommodate the construction of I-80 in the Borough of Wharton, it will be necessary for the Borough to sever connections for four customer service lines by cutting and plugging these services at the water main. One of these lines is located on Main Street and the other three are located on Huff Street. It is recommended that the Borough of Wharton be reimbursed for this work which estimates at $500.40. (April 8, 1959)

Reimbursement-Holland Township

7. Approval is recommended of changing the name and location in the agreement from Holland Church-Mt. Joy Road & retaining wall along same road to Holland Church to Mt. Joy & Reigelsville (River Road), Road. 68. There is presented purchase agreement on Route 26 (1927), Section 1, Route US 1 (1953), Trenton to D.&R. Canal; Project F95(36), Parcel 118, Domenic Falconello & Wife, consideration $275. Approval is recommended. (April 10, 1959)

Right of Way-Route FAI-108-1(12), Route 295

69. There is presented purchase agreement on Route FAI 108-1(12), a.k.a. 295-1-(12), North-South Freeway (FAI 109) to Verga; Parcel 37, Mervyn K. Galbraith & Wife, consideration $250. Approval is recommended. (April 10, 1959)

Right of Way - Rt. 129 Freeway

70. There is presented purchase agreementon Route 129 Freeway, Section 1, from Abutment of Delaware River Bridge to Scotch Road, Project F-203-(2); Parcel 10, Joseph Rosenzweig & Wife, consideration $2,000 (plus the conveyance of Parcel V9B, including the well). Approval is recommended. (April 10, 1959)

Right of Way - I-104 (287)

71. There is presented again the matter of acquisition of property on Route FAI-104-2-(2), also known as 287-2-(2), Route U.S. 22 to Easton Avenue, Parcels 355A & 355B, Hyman Krakowsky & Wife. Condemnation proceedings were previously authorized at which time the owners did not make known their demands. Continued negotiations have resulted in the execution of an agreement in the sum of $1,140. It is recommended that this agreement be approved and that condemnation proceedings previously authorized be discontinued. (April 10, 1959)

Right of Way - Route 37

72. There is presented again the matter of acquisition of property on Route 37, Island Heights to Seaside Heights over Barnegat Bay & Approaches, Parcel R12, Gabriel Battisti & Wife. Condemnation proceedings were previously authorized at which time the owners were demanding $29,000. It was subsequently learned that the rear 50 feet of the subject property was not owned by Gabriel Battisti, but belonged to his son whose name is also Gabriel Battisti. The confusion in ownerships required reappraisals upon which negotiations were reopened; resulting in the execution of an agreement in the sum of $18,500. It is recommended that this agreement be approved and that condemnation proceedings previously authorized be discontinued. Authority is requested to dispose of the building either to the road contractor, by public auction, or by sealed bids. (April 8, 1959)

Right of Way - I-102 (78)

73. There is presented again the matter of acquisition of property on FAI-102-2-(8) also known as 78-2-(8), Still Valley to a point East of Central Railroad of New Jersey; Parcel R-8, Roy Edward Dowling & Wife, on which an agreement was previously approved in the sum of $24,500. This agreement included a stipulation that the Dowlings would dedicate a 24-foot right of way with slopes and appurtenances between New Village Road and relocated New Village Road. Our Title Officer now reports that, because of complications created by the regulations of the Planning Board and the local Township authorities, it is impossible for the Dowlings to comply with this stipulation in the agreement. Mr. & Mrs. Dowling have, however, executed and submitted an agreement in the sum of $1.00 providing for conveyance to the State of Parcel 8B (which comprises the entire plot of land thru which the said 24-foot right of way was to run). It is recommended that the agreement in the sum of $1.00 providing for conveyance to the State of Parcel 8B by Roy E. Dowling & Wife be approved; and that in view of this agreement, that the Dowlings be relieved of their obligations to dedicate the 24-foot right of way, as provided in the previous agreement covering Parcel R-8. (April 10, 1959)

Right of Way = I-104 (~~78~~ 87)

74. There is presented again the matter of acquisition of lands on Route FAI-104-2-(2), also known as 287-2-(2), Route U.S. 22 to Easton Avenue, Parcel 422, Joseph Pucillo & Wife, on which an agreement was previously approved in the sum of $11,200. The Title Bureau reports that this property is affected by several grants for transmission lines given to the New Jersey Power & Light Company. It is recommended that authority be granted to accept title subject to these grants and to make payment in accordance with the agreement previously approved. (April 13, 1959)

Right of Way-Route S4B (1927), Route 208 (1953)

75. There are presented report and appraisal with map and description on Route S4B (1927), Section 1, Route 208 (1953), Route 4 (1927) to Goffle Road, Parcel 145, Paul Korzinski & Wife, Project F-189-(16). It is recommended that authority be granted to institute condemnation proceedings for the acquisition of this parcel in fee simple, subject to any public utilities existing in the premises. The owners refuse to state their demand. (April 8, 1959)

76. There are presented report and appraisal with map and description on Route S4B (1927), Section 1, Route 208 (1953), Project F-189(16), Route 4 to Goffle Road, Parcel R148, Garrit Zwolle & Wife. It is recommended that authority be granted to institute condemnation proceedings for the acquisition of this parcel in fee simple subject to any public utilities existing in the premises. The owner is demanding $60,000 which is considered excessive. (April 13, 1959)

Right of Way-Route 26 (1927), Route U.S. 1 (1953) ✓

77. There are presented report and appraisal with map and description on Route 26 (1927), Section 1, Route U.S. 1 (1953), Project F95(38), Trenton to D & R Canal, Parcel R131, Edward W. Stitt, et ux. It is recommended that authority be granted to institute condemnation proceedings for the acquisition of this parcel in fee simple subject to any public utilities existing in the premises. Owners have not made known their demands. (April 8, 1959)

Right of Way-Route 80 ✓

78. There are presented report and appraisal with map and description on Route FAI-101-2-(2), also known as 80-2-(2), Mt. Hope-Rockaway Road to U.S. 46 at Denville, Parcel R149, Floyd Hiler. It is recommended that authority be granted to institute condemnation proceedings for the acquisition of this parcel in fee simple subject to any public utilities existing in the premises. The owner is demanding $300 which is considered excessive. (April 13, 1959)

- - - - - - - - -

79. There is presented again the matter of condemnation of lands on FAI-101-4-(2), also known as 80-4-(2), Passaic River to New York Susquehanna & Western Railroad. Condemnation proceedings were previously authorized for the acquisition of Parcel 2, Joseph Toth & Wife, at which time the owners were demanding $137,500. Original Parcel 2 contained 2.384 acres. It was subsequently learned that Slaughterdam Road was not a public road, but in fact was an encumbered private road owned by Joseph Toth. The plan was accordingly revised to include this area, and the revised Parcel R-2 now required from Joseph Toth & Wife contains an area of 2.603 acres. It is recommended that the previous action authorizing condemnation of Parcel 2 be rescinded; and that authority be granted to institute condemnation proceedings for the acquisition of Parcel R-2 in fee simple, subject to any public utilities existing in the premises. The owners are demanding $137,500. (April 10, 1959)

STATE OF NEW JERSEY
STATE HIGHWAY DEPARTMENT
TRENTON

SCHEDULE OF APPROVALS - APRIL 20, 1959

Administrative Items

Route U.S. 40 (FA Route 24) ✓

1. It is recommended that the approval of the Bureau of Public Roads for the following revisions of Route U.S. 40 (F.A. Rt. 24) be requested. State Highway Route US-40 (Federal Aid Route 24). From a point on Interstate Route 295 in Deepwater, Lower Penns Neck Township, Salem County in an easterly direction on the New Jersey Turnpike and Wiley Road to Route 48 at Roos' Corner thence to a point on Federal Aid Route 22 near Woodstown and from another point on Federal Aid Route 22 in Woodstown to Pittsgrove, Malaga to a point on Federal Aid Route 21 at Mays Landing and from another point on Federal Aid Route 21 at Mays Landing via Pleasantville to Pacific Avenue, Atlantic City. The length of the present road is 62.72 miles of which 54.77 is Rural and 7.95 Urban. The length of the proposed road is 62.12 miles of which 55.14 is Rural and 6.98 Urban. (April 15, 1959)

Federal Aid-Primary Funds (Right of Way) ✓

2. It is requested that the attached project agreement in duplicate be approved and executed for Rights-of-Way. Route No. 208, Goffle Road to Oakland Ave., Project No. F-189(16). The amount of Federal Aid Primary Funds obligated is $247,500.00, which is 50% of the estimated cost for Federal participation. (April 16, 1959)

Utilities-Route 208, Section 3 ✓

3. To accommodate the construction of Route 208, Section 3, it will be necessary for the Public Service Electric and Gas Company to relocate their electrical facilities due to a grade separation and related ramp construction in the vicinity of Grandview Avenue and Route 208. It is recommended that the Utility Company be reimbursed for this work which is estimated at $7,600 which is made up of $3,100 for temporary work and $4,500 for permanent work. (April 16, 1959)

Utilities-Route 80, Section 2 ✓

4. The construction of Freeway Interstate 80, Section 2, in the Borough of Wharton will require the rearrangement of the Borough's fire alarm facilities. The Borough is not adequately staffed or equipped to perform this work which of necessity must be planned and integrated with the Bell Telephone Company's facilities in this area due to the fact that the Borough will use telephone facilities for their fire alarm cable. Subsequent meetings with the Borough's representatives and the Telephone Company's representatives resulted in a scheme for performing the fire alarm work by the Telephone Company's contractor (Gray Construction Company, Morristown, New Jersey). This contractor is the same as approved by the State for reimbursable work under a previous order. The Borough received a price from the Gray Construction Company to perform the fire alarm work at the lump sum of $1,500 and it is recommended that the Borough's contract with the Gray Construction Company be approved in this amount with the understanding that competitive bidding was not possible in this case due to the special work involved in making connections with telephone facilities and further that this contractor was the only one available to the Borough who could handle the work at this time. (April 16, 1959)

Services-Engineering ✓

5. Approval and execution is recommended of the attached agreement between Parsons, Brinckerhoff, Hall and MacDonald and the State of New Jersey relative to the improvement of U.S. 22 at the Clinton Point Interchange, Hunterdon County, which will be served by Route I-78 particularly that portion from the Clinton By-Pass and including the proposed Clinton Point Interchange with Route 69, to, but not including the grade separation at Allerton Road, Annandale, a distance of about 0.5 miles. The Consultant is to be paid for this work on a fee basis of 5.4% of a tentative estimate of cost of $2,300,000 or $124,200 and it is recommended that this amount be set up to cover the cost of the work called for under this agreement. (April 15, 1959)

- - - - - - - -

6. Approval and execution is recommended of the attached agreement between The Haller Testing Laboratories, Inc., and the State of New Jersey relative to the performance of Inspection Services in conjunction with painting the Pulaski Skyway. The Haller Testing Laboratories are to be paid on a force account basis. It is estimated that the cost of this work will be $45,000.00. Funds are available from the fiscal year 1959 appropriations, Maintenance by Agreement and Contract. (April 15, 1959)

Claims-Settlements ✓

7. The above claim arises out of an accident occurring on January 1, 1959 at the intersection of Rt. 24 and Summit Avenue, Summit, New Jersey, involving a vehicle owned by Benjamin Berry being operated by Rudolph Sanders. As the result of the aforesaid accident, traffic signal equipment, property of the State Highway Department, was damaged and had to be repaired at a cost of $374.13. A police report submitted to this office in connection with this mishap indicated that Mr. Sanders was cut off by an unknown motorist causing him to strike a control box in order to avoid an accident with an oncoming car. The debtor pleaded "Not Guilty" to a careless driving charge and inasmuch as no one observed the accident and there was no other evidence, he was found "Not Guilty" by the Magistrate who heard the case. The debtor, through his attorney, advised that he is in poor financial circumstances and is the father of six young children. The Motor Vehicle Department is about to suspend Mr. Sander's driving privileges due to the fact that he was not insured for property damage at the time of the occurrence. The debtor has indicated a willingness to borrow the sum of $200.00 in order to make a lump sum payment and thus eliminate the necessity of periodic payments. In view of the circumstances under which the accident occurred and giving due consideration to the debtor's present financial circumstances, as well as his conscientious effort to liquidate this claim in accordance with his financial ability to pay and in accordance with Mr. Levine's memorandum attached, hereto, and the recommendation of Deputy Attorney General William J. McCormack, it is the feeling of the Claims Bureau that the State would be justified in accepting his offer of $200.00 in full settlement of its claim, and it is our recommendation that his offer be approved. (April 16, 1959)

NO. 14 - 1959

STATE OF NEW JERSEY
STATE HIGHWAY DEPARTMENT
TRENTON

SCHEDULE OF APPROVALS - April 27, 1959

Administrative Items

Federal Aid-Interstate Funds (Preliminary Engr.) ✓

1. It is requested that the attached project agreement in duplicate be approved and executed. (Preliminary Engineering). FAI Route 295, From Hollywood Avenue, Upper Penns Neck to Route U.S. 130 near Bridgeport., Project I-295-1(20)4. The amount of Federal-aid Interstate Funds obligated is $293,040.00 which is 90% of the estimated cost for Federal participation. (April 24, 1959) ✓

Prequalification of Bidders

2. Approval is recommended of the attached list of assignment of classifications and/or re-classifications of prospective bidders as prepared by the Prequalification Committee in accordance with R. S. 52:35. The Committee consists of the Comptroller, Director and Chief Road Engineer, Counsel, and State Highway Engineer. (April 20, 1959)

Standard Specifications (Revision) ✓

3. It is recommended that the proposed Revised Standard Specifications be advanced to the Division of Purchase and Property, Department of the Treasury, for the advertising, award, and administering of the contract for the printing thereof at an estimated cost of $11,000. (April 20, 1959)

Maintenance Storage Building, Sand Hills ✓

4. Approval is recommended of the attached form from the Bureau of Construction, Division of Purchase and Property, Department of the Treasury, covering the issuance of excess and change orders in connection with the work being performed under contract at our Maintenance Storage Building at Sand Hills; the excess and change orders being as listed below and as more fully described in the attached correspondence from the Department of The Treasury:

Excess Order to S. T. Peterson & Co., Inc.	$ 275.00
Excess Order to Midd State Electric Co.	229.00
Change Order to S. T. Peterson & Co., Inc.	1,800.00
TOTAL	$2,304.00

(April 22, 1959)

Truck Scale House, Somerville ✓

5. The Division of Purchase and Property, Department of The Treasury, has presented to the Highway Department the attached Final Acceptance Certificates, Form PP-42 for contract in connection with Truck Scale House at Somerville:

Site Improvement - Truck Scale House, Somerville, N. J.
Contractor - Johnson Brothers, RFD #1, Andover, N. J.

The Director, Division of Purchase and Property, has signed these Certificates. The contract was made with the Director, Division of Purchase and Property for and on behalf of the State Highway Department, due to the fact that the money for this Scale House was appropriated to the Highway Department. This project has been completed and in use since June 11, 1957 and the contractor paid except for a small portion withheld for seeding which would have to be done in the Spring. Due to conditions at the above station and inability to impound overloaded trucks, it was necessary to eliminate grass area. Negotiations have been made with Contractor to obtain proper credit which has been done and Change Order No. 1 issued. As this project has been used - contractor making necessary repairs when required - it is being recommended that it be accepted. (April 20, 1959)

Route S3 (1927), Section 1 ✓

NDR
5/1/59

6. Adoption of the appended map entitled "New Jersey State Highway Dept., ~~[illegible]~~, Route S-3 (Rev. 1927) Section 1, ~~[illegible] Route 3 (Rev. [illegible]) to Route S-3 (Rev. 1927)~~, ~~showing existing Right of Way and Parcels to be acquired in the Boroughs of East Rutherford and Rutherford and in the Township of Lyndhurst, Bergen County, Scale 1" = 200', November 1935~~" in order to render same an official document in Sissleman vs. State of New Jersey is recommended. The gravamen of the subject cause is of long duration and of great concern to the taxpayers of New Jersey; hence no legal technicality which might induce delay should be overlooked. (April 21, 1959)

Route 129 Freeway, Section 1

7. Approval and execution is recommended of the attached Agreement between the State of New Jersey and the City of Trenton wherein on account of the construction of Freeway Route 129, Section 1 through a portion of the City's facilities in the Township of Ewing, County of Mercer, it is necessary for the City of Trenton, Department of Public Works, Water, to relocate some of its existing water system facilities. The City is to be reimbursed for this work which including a contingency of 10% is estimated at $21,900.00 and it is recommended that this amount be set up to cover the cost of the work called for under the Agreement. (April 22, 1959)

Reimbursement-D.L. & W.R.R., Route 46, Section 9D

8. Approval and execution is recommended of the attached Agreement between the State of New Jersey and the Delaware, Lackawanna and Western Railroad Company relative to reimbursement to the Delaware, Lackawanna & Western Railroad Company for the work that it must perform to accommodate the construction of Route 46, Section 9-D in the Borough of Totowa, Passaic County, which work includes the reconstruction of the Railroad grade crossing and installation of electric flasher warning signals which will be installed, owned and operated by the Railroad. The total estimated cost for this work is $6,935.35 plus $692.65 for contingencies, making a total estimated amount of $7,628.00 of which the State will pay 90% or $6,865,20 and it is recommended that this amount be set up to cover the cost of the work called for under the Agreement. (April 22, 1959)

No Parking Zones

9. In accordance with the provisions of s. 78, c. 23, L. 1951 (c. 39:4-138.1) it is recommended that the attached regulation be adopted establishing "No Parking Zones" along Route U.S. 206 (Bayard Lane) Borough of Princeton, Mercer County. It is further recommended that Regulation RP-56-9, adopted March 20, 1956, and approved March 27, 1956, and Regulation RP-58-4, adopted January 22, 1958, and approved January 28, 1958, be rescinded. NO. 15 - 1959

STATE OF NEW JERSEY
STATE HIGHWAY DEPARTMENT
TRENTON

SCHEDULE OF APPROVALS - April 30, 1959

Administrative Items

Route S3 (1927), Route 3 (1953), Section 3

1. Approval is recommended of the attached print of the General Property Parcel Map for Route S-3 (1927) Section 3, Route 3 (1953) From Route 6 At Valley Road To Passaic Avenue, showing existing Right of Way & Parcels to be acquired in the City of Clifton, County of Passaic, to be filed in Passaic County. (April 27, 1959)

Accounting - Claims-Settlements

2. This claim arises out of an accident occurring on December 28, 1958 on Routes 33 and 34, Howell Township, New Jersey, involving a vehicle owned and operated by Alvin J. Ubhaus. As a result of the aforesaid accident, State Highway Department guard railing was damaged and had to be repaired at a cost of $109.96. The New Jersey State Police report indicated that the driver of the vehicle involved was driving in rainy weather when he came upon a stretch of road where the rain had suddenly froze causing him to lose control of his vehicle. The State Police report stated that the sudden freeze was responsible for this mishap and no motor vehicle violation was indicated. The insurance carrier for the owner of the vehicle involved, offered the State Police report as evidence that there was no negligence on the part of the operator of their assured's vehicle, however, in order to dispose of the State's claim in an amicable manner, offered the sum of $54.98 in full settlement. In view of the foregoing it would appear that the offer of 50% is reasonable and that the State would be justified in accepting this figure in full settlement of its claim, and it is our recommendation that the sum of $54.98 be accepted in full settlement of the State Highway Department's claim and the balance of the claim be cancelled in accordance with Mr. Levine's memorandum attached hereto and the recommendation of Philip A. Donnelly, Deputy Attorney General. (April 28, 1959)

Agreements-Pennsauken Township

3. Approval and execution is recommended of the attached agreement between Pennsauken Township and the State of New Jersey covering understanding in connection with the improvement of Route 130 in the vicinity of Route 73, particularily the improvement of Hilton Road which is owned by the Township and which the State will improve at its own expense in order to relieve the traffic situation in connection with the State's improvement. The nearest obtainable estimate is $150,000 to build an improved surface 40 feet between curbs along Hilton Road and it is recommended that this amount be set up to cover the cost of this improvement. (April 28, 1959)

STATE OF NEW JERSEY
STATE HIGHWAY DEPARTMENT
TRENTON

SCHEDULE OF APPROVALS - MAY 11, 1959

Administrative Items

Federal Aid-Utility Construction ✓

1. It is recommended that the following Federal Aid Projects for Utility construction be withdrawn from approved Federal Aid Programs with the Bureau of Public Roads. The action is necessary, since New Jersey has no law requiring utility reimbursement on land surface roads. The Utility Projects affected are:

Route	Termini	Estimated Cost
18	George Street to School House Lane	$ 150,000
18	Old Bridge Circle to Pine Street	16,000
20	Broad Street to Market Street	8,000
29	Wilburtha Road to Scudder's Falls	17,000
49	Point South to Central Railroad	25,000
208	Goffle Road West to 1300' West Grandview Avenue	30,900
US-1	Raymond Boulevard	22,000
US-30	Taunton Road to Wellington Avenue	17,578

The attached sheet has more details on each project. (May 7, 1959)

Federal Aid-Urban Program ✓

2. It is requested that the attached project agreement in duplicate be approved and executed. (Right of Way): State Route 18, from George Street to School House Lane, New Brunswick, Project U-112(6). The amount of Federal Aid Urban Funds obligated is $500,000 which is 50% of the estimated cost for Federal participation. (May 1, 1959)

4. It is requested that the attached project agreement in duplicate be approved and executed. (Construction): US Route 18A (trucks), Section 1, Raymond Boulevard to US 1 Southbound connection, Project U-185(13). The amount of Federal Aid Urban Funds obligated is $526,365 which is 50% of the estimated cost for Federal participation. (May 1, 1959)

- - - - - - - - -

5. It is requested that the attached project agreement in duplicate be approved and executed. (Preliminary Engineering): State Route 28 from Lehigh Valley Railroad to Faitoute Avenue, Roselle Park, Project U-125(3). The amount of Federal Aid Urban Funds obligated is $21,250 which is 50% of the estimated cost for Federal participation. (May 1, 1959)

Services-Engineering ✓

6. Approval and execution is recommended of the attached agreement between Madigan-Hyland, Consulting Engineers and the State of New Jersey in connection with the performance of Engineering Services relative to the proposed improvement of that portion of I-287 from the interchange at I-78 in Bedminster Township, Somerset County, to the Somerset-Morris County Line in Bernards Township, a distance of about nine miles. The Consultant is to be paid on a fee basis of 4.3% of a tentative estimate of cost of $11,000,000 or $473,000 and it is recommended that this amount be set up to cover the cost of the work called for under this agreement. (May 6, 1959)

Agreements-Borough of Bellmawr, FAI Route 295-1 ✓

7. Approval and execution is recommended of the attached agreement between the State of New Jersey and the Borough of Bellmawr in connection with the improvement of Interstate 295-1 in the Borough of Bellmawr, Camden County. On account of this construction it will be necessary for the Borough to relocate certain facilities of its existing water distribution system in Creek Road. The Borough is to be reimbursed for this work which is estimated at $10,432 which amount includes a contingency factor of 10%. (May 1, 1959)

Agreements-Menlo Park Shopping Center, Route US 1

8. Approval and execution is recommended of the attached agreement between the Menlo Park Shopping Center, Inc. and the State of New Jersey covering understandings in connection with the State's construction of a jughandle to accommodate turns into Parsonage Road on Route US 1 at Menlo Park, Middlesex County. Inasmuch as the Menlo Shopping Center, Inc. is constructing a Shopping Center contiguous to the said Parsonage Road intersection they are willing to convey land and pay for additional State Highway construction in order to improve ingress and egress from said Shopping Center. The Menlo Park Shopping Center, Inc. is to pay the State the actual contract cost of additional construction items which is estimated at $14,989.09. It is, however, to be noted that as per item First (c) there is an estimated charge for electric installations of $1,500. A firmer estimate for this work is between $2,100 & $2,300 and it is assumed that the officials of the Menlo Park Shopping Center, Inc. had been apprised of this change in estimate. (May 4, 1959)

Agreements-Federated Department Stores, Route 4

9. Approval and execution is recommended of the attached agreement between Federated Department Stores, Inc. and the State of New Jersey covering understandings in connection with the sharing of costs in connection with traffic improvements between Bloomingdale Bros. Department Store and the ramps to and from State Highway Route 4, Section 4, in Hackensack. The Corporation is to pay the State its share of the cost which amounts to $25,000. The State's share of the cost shall not be in excess of $20,000. (May 6, 1959)

Agreements-Borough of Netcong, Route FAI 80

10. Approval and execution is recommended of the attached agreement between the State of New Jersey and the Borough of Netcong covering understandings in connection with the construction of a section of Freeway Interstate 80 through a portion of the Borough of Netcong. This construction will necessitate the relocation of certain facilities of the existing water system owned by the Borough of Netcong. The State will make or cause to be made this relocation work by the State's contractor. However, the State will reimburse the Borough for engineering charges necessitated by the relocation of the water main work which charges are estimated at $700 and it is recommended that this amount be set up to cover the State's obligation in connection with this agreement. (May 1, 1959)

Utilities-Route FAI 287

11. Approval and execution is recommended of attached order No. PUO-14-287-1 issued to the New Jersey Bell Telephone Company covering understanding in connection with the relocation of their facilities to accommodate the construction of Interstate 287, Section 1B, in the Township of Bridgewater, County of Somerset. The Utility company is to be reimbursed for this work which including 10% contingency is estimated at $21,900. (May 1, 1959)

Utilities-Route FAI-295

12. Approval and execution is recommended of the attached agreement between the Transcontinental Gas Pipe Line Corporation and the State of New Jersey relative to the improvement of a section of Interstate 295, Section 1C, in the Borough of Westville, County of Gloucester. This improvement will necessitate the relocation of certain facilities of the existing transmission gas line system which is owned and operated by the Utility Company. The Company is to be reimbursed for the actual cost of this work which, including a contingency of approximately10% is estimated at $36,944 and it is recommended that this amount be set up to cover the cost of the work called for under this agreement. (Mayl, 1959)

Utilities-Route 25, Pulaski Skyway

13. It will be necessary for the Public Service Electric & Gas Company to relocate their Electrical distribution facilities in the vicinity of the entrance to the Essex Generating Station and Raymond Boulevard to accommodate the construction of a new ramp connection to the Pulaski Skyway on Route 25. The Utility Company's estimate for the work involved amounts to $17,481 which amount includes a questionable reimbursement of about $6,000 representing relocation of lateral pole and street lighting facilities which it is felt shouldnot be reimburasable but due to the fact that this work must be expedited as quickly as possible we are including this amount in the estimate for reimbursement subject to a later determination of its eligibility for reimbursement. With this understanding it is, therefore, recommended that the Utility Company be reimbursed for the actual cost of the rearrangement of their electrical facilities which is estimated in the amount of $17,481. (May 7, 1959)

No Parking Zones

14. In accordance with the provisions of Section 78, Chapter 23, Public Laws 1951 (c. 39:4-138.1) it is recommended that the attached regulation be adopted establishing "No Parking" Zones along Route US 130, Route US 206 & Route US 130 & 206, Bordentown Township & City of Bordentown, Burlington County. Right of Way - Rt. S4B

97. There is presented again the matter of acquisition of property on Route S4B (1927), Section 1, Route 208 (1953), Route 4 to Goffle Road, Project F189-(16). Condemnation proceedings were previously authorized for the acquisition of Parcel 143A from John W. Eidschun & Wife. Under this plan, extensive slopes would be required restricting owner's use of the rear of the existing building and prohibiting future expansion for which a heavy damage claim could be made and probably substantiated by the owners. At that time the owners were demanding that the entire property be acquired at a price ranging to $200,000. In order to eliminate the damage caused by slopes, the advisability of constructing a retaining wall was considered. The estimated cost of this wall is $40,013. An agreement has now been executed and submitted in the sum of $5,000 covering Parcel R143A (providing for the construction of a retaining wall at an estimated cost of $40,013.) In view of all elements and the controversial damages in this case, it is recommended that this agreement be approved and that condemnation previously authorized for Parcel 143A be rescinded. (May 11, 1959)

98. There is presented again the matter of acquisition of property on Route S4B (1927), Section 1, Route 208 (1953), Route 4 to Goffle Road, Project F-189-(16), Parcel R148, Garrit Zwolle & Wife. Condemnation proceedings were previously authorized at which time the owners were demanding $60,000. Continued negotiations have resulted in the execution of an agreement in the sum of $38,000 including down payment of $9,500. It is recommended that this agreement be approved and that condemnation proceedings previously authorized, be discontinued. It is further recommended that authority be granted to dispose of the buildings either to the road contractor, by public auction, or by sealed bids. (May 11, 1959)

Right of Way - Rt. 42,N-S Freeway

99. There is presented again the matter of acquisition of property on Route 26 (1927), Section 5, Route S26 (1927), Section 1, Route U.S. 1 (1953), Project F-95-(29), Deans Road to Route 25 at Cranbury Turnpike, Parcel 74, Rur-Del-Land Co., Inc. Condemnation proceedings were previously authorized at which time the owners were demanding $5,000. Continued negotiations have resulted in the execution of an agreement in the sum of $3,775. It is recommended that this agreement be approved and that condemnation proceedings previously authorized, be rescinded. (May 6, 1959)

100. There is presented again the matter of acquisition of a slope easement on Route 42, Section 15, Project F-193-10, North-South Freeway, Coles Road at Blenheim to Turnerville, Parcel E47, Edna Thomas. Condemnation proceedings were previously authorized at which time the owners/ demands ~~were not~~ made known. Continued negotiations have resulted in the execution and submission of an agreement in the sum of $800. It is recommended that this agreement be approved and that condemnation proceedings previously authorized be discontinued. (May 9, 1959)

Right of Way = I-101 (80)

101. There is presented purchase agreement on Route FAI-101-2-(6), also known as 80-2-(6), Union Turnpike, Wharton to Mt. Hope-Rockaway Road; Parcels 5B, 5C,E5D,R5E, 5F & 8; Shahmooon Industries, Inc., consideration $48,781. It is recommended that this agreement be approved and that condemnation proceedings previously authorized for the acquisition of Parcel 8, be discontinued. Authority is requested to dispose of the buildings either to the road contractor, by public auction, or by sealed bids. (May 6, 1959)

102. There is presented again the matter of acquisition of property on Route FAI 101-4-(2), also known as 80-4-(2), Passaic River to New York Susquehanna & Western Railroad, Parcel 27, John Romito et al. Condemnation proceedings were previously authorized at which time the owners did not state their demands. Continued negotiations have resulted in the execution of an agreement in the sum of $2,000. It is recommended that this agreement be approved and that condemnation proceedings previously authorized, be rescinded. (May 6, 1959)

103. There is presented again the matter of acquisition of property on Route FAI 102-2-(8), also known as 78-2-(8), Still Valley to a Point East of Central Railroad of New Jersey. Condemnation proceedings were previously authorized for the acquisition of Parcel 9 from Clifford H. Cline & Wife. Subsequent to this authorization the drainage design was changed causing additional damages and requiring further consideration by our appraisers. Continued negotiations have resulted in the execution of an agreement in the sum of $10,000 which covers Parcel 9 together with the additional triangular area on the northerly side of the highway (the combined areas for which are now designated as Parcel R9 in the deed already executed by the owners) It is recommended that this agreement be approved and that condemnation proceedings previously authorized for Parcel 9 be discontinued. (May 9, 1959)

Right of Way = I-108 (295)

104. There are presented again the matter of acquisition of property on Route FAI-108-2-(1), also known as 295-2-(1), North-South Freeway (FAI 109) to Warwick Road, Parcel 215, Frank G. Dowd & Wife. Condemnation proceedings were previously authorized at which time the owners were demanding $20,000. Continued negotiations have resulted in the execution of an agreement in the sum of $13,900 including down payment of $3,450. It is recommended that this agreement be approved and that condemnation proceedings previously authorized be discontinued. Authority is requested to dispose of the dwelling either to the road contractor, by public auction, or by sealed bids. (May 1, 1959)

Right of Way - Rt. 29

105. There is presented again the matter of condemnation or property on Route 29 (1927), Sections 8D & 9K, Route U.S. 22 (1953), at Washington Avenue, Rock Avenue, West End Avenue, Wilson Avenue and North Drive, Parcels R10 & R14, Grace B. Gangloff. At the hearing before condemnation commissioners, this case was uncontested and the testimony on behalf of the State was $250. The commissioners made an award in the sum of $250. It is recommended that this award be approved. (May 11, 1959)

Right of Way - Rt. 42,N-S Freeway

106. There is presented again the matter of condemnation of lands on Route 42, Section 12, North-South Freeway, Morgan Boulevard to Route 45 (1927); Parcel 2R74, Thomas E. Casey & Wife. At the hearing before condemnation commissioners, the testimony on behalf of the State was in the sum of $19,522. The only basis for the owner's testimony of $71,000 was that he still claimed inherent property rights in riparian land belonging to the State Highway Department. This claim the commissioners rejected, stating that there was no reasonable estimate placed upon the land taken. The commissioners made an award in the sum of $19,522 plus interest from April 27, 1955, date of entry. It is recommended that this award be approved. (May 7, 1959)

131. There is presented report from the Title Officer together with Deed for conveyance of Parcel V90K2 on Route 4 Parkway, Section 8, Route 28 to Galloping Hill Road, from the State of New Jersey to Laura E. Rizzo and husband. This conveyance is being made in accordance with an agreement approved by the State Highway Commissioner on March 29, 1956, under the terms of which Laura E. Rizzo & husband conveyed to the State Parcel 176B at a consideration of $1.00 plus conveyance of Parcel V90K2. All theother terms of this agreement have been consummated. It is recommended that this deed be executed and authority granted to make delivery of same. The State Highway Commissioner does hereby determine that Parcel V90K2 is no longer required for the use of the State of New Jersey in the improvement, betterment, reconstruction, or maintenance of any State Highway. (May 6, 1959)

Sale of Property

132. There is presented again the matter of disposal of Items 111 & 112 (Parcels 38X, 38Y, Route 21, Section 3). At the public sale on December 13, 1956, Daniel G. Kasen, Attorney of Newark, bid the sum of $12,500 and deposited his check in the sum of $3,125 as a down payment, on behalf of his client, Philip Marx. On February 21, 1957, the State Highway Commissioner authorized holding action in abeyance on these itmes pending clarification of their disposal; andon December 4, 1958 directed that the offer of $12,500 be rejected. There is now presented areport from the Title Officer indicating that the disposition of these parcels has been clarified. It is therefore recommended that the action of December 4, 1958 be rescinded; that the sale at public auction on December 13, 1956 be consummated; that the attached Deed of Conveyance from the State to Philip Marx be executed by the State Highway Commissioner; and authority granted to make delivery of same upon payment of the balance due in the amount og $9,375. The State Highway Commissioner does hereby determine that Parcels 38X & 38Y are no longer required for the use of the State of New Jersey in the improvement, betterment, reconstruction, or maintenance of any State Highway. 133. There is presented report from the Title Officer together with Deed for conveyance of Parcel VRLA2 on Route 108-2-(5), also known as 295-2(5), Warwick Road to Route 73, from the State of New Jersey to Frank Reed et ux. This conveyance is being made in accordance with an agreement approved by the State Highway Commissioner on April 23, 1958, under the terms of which Frank Reed, et ux, conveyed to the State, Parcel 5, at a consideration of $1.00 plus conveyance of Parcel VRLA2. All the other terms of this agreement have been consummated. It is recommended that this deed be executed and authority granted to make delivery of same. The State Highway Commissioner does hereby determine that Parcel VRLA2 is no longer required for the use of the State of New Jersey in the improvement, betterment, reconstruction, or maintenance of any State Highway. (May 6, 1959)

Right of Way - Rt. 17

134. On April 22, 1959 the State Highway Commissioner approved the General Property Parcel Map on Route 17, Section 6, Hasbrouck Heights to Route 4. In order that the route, section number and termini for both construction andright of way be in agreement, and to avoid future confusion, it is requested that the Commissioner authorize the changing of the official action to read as follows: "There is presented General Property Parcel Map on Route 17 (1953), Section 2, Intersection at Farview Avenue**." It is suggested that the date for approval of the correction remain as April 22,1959 and that all other wording remain the same. (May 9, 1959)

Right of Way - Rt. 42

135. There is presented again the matter of acquisition of property on Route 42 (1927), Section 6 Widening, Route US 322 (1953), Weymouth to McKee City, Project No. F105-(7), Parcels 2A & R3, Township of Hamilton, on which an agreement was previously approved in the sum of $115. An examination of title discloses that the Township does not have good title to Parcel R3; that a portion of this parcel is owned by Crugo Corporation and the balance by John Torok. A further investigation reveals that the Crugo Corporation was dissolved December 15, 1947 and that John Torok's last known address in 1936 was Eauclair, Wisconsin. In view of the fact that the appraised value of Parcel R3 is only $8.00 it is recommended that authority be granted to accept deed from the Township of Hamilton for Parcel 2A together with whatever interest the Township may have in Parcel R3, and pay the sum of $115 therefor.

NO. 17 - 1959 13116

STATE OF NEW JERSEY
STATE HIGHWAY DEPARTMENT
TRENTON

SCHEDULE OF APPROVALS - May 18, 1959

Administrative Items

Right of Way - Rt. 42,N-S Freeway

1. Approval is recommended of the attached print of the General Property Parcel Map for Route 42, Section 12 (North-South Freeway) Morgan Boulevard to Route 45 (1927) Showing Existing Right of Way & Parcels to be Acquired in the Cities of Camden and Gloucester City, County of Camden, to be filed in Camden County. (May 13, 1959)

Accounting - Claims (Settlements)

2. This claim arises out of an accident occurring on September 28, 1958 on Route #24 and River Road, Summit, New Jersey, involving a vehicle owned and operated by Alonzo Gillison. As a result of the aforesaid accident the State Highway Department's traffic signal equipment was damaged and had to be repaired at a cost of $620.77. The debtor is financially unable to pay this claim. He is presently employed, however, his take home pay is only $39.06. He is married and does not own any property or a vehicle. He has managed to borrow the sum of $300.00 from his employer which he has sent to the State Highway Department as an offer in full settlement of this claim. In view of the foregoing it would appear that the offer of $300.00 is reasonable and that the State would be justified in accepting this figure in full settlement of its claim and it is my recommendation that the sum of $300.00 be accepted in full settlement of the State Highway Department's claim and the balance of the claim be cancelled in accordance with Mr. Levine's memorandum attached hereto and the recommendation of Joseph Lipkin, Deputy Attorney General. (May 11, 1959)

---

3. The above named employee of the State Highway Department was involved in a third party accident occurring on January 9, 1958 involving a vehicle owned and operated by Jerry DeSarno. As the result of injuries sustained in this accident, the State was required to expend the sum of $1,738.78 for medical services rendered and permanent compensation. The employee obtained the services of an attorney to represent him in his claim against the third party. Negotiations between the attorney and the insurance carrier for the third party has resulted in an offer of settlement in the amount of $1,700. Inasmuch as the figure of settlement is slightly under the amount of our compensation lien, we would be entitled to the full amount less the State's statutory contribution towards attorney's fee of one-third which would net the State $1,133.34. The State is also responsible to contribute towards expenses of suit up to $200. By deducting the expenses of suit from the net figure of $1,133.34, the State would realize a sum slightly below $1,000. An offer has been made by the attorney representing Mr. Turner whereby the State would accept the sum of $1,500 which offer would be subject to a counsel fee of one-third and a net recovery of $1,000. The State's statutory contribution towards expenses of suit up to $200 would be waived. In view of the foregoing, we feel the State would be justified in accepting the proposed offer of settlement of $1,000 net in accordance with Mr. Levine's memorandum attahhed, hereto and the recommendation of the Deputy Attorney General, and it is our recommendation that the offer be approved. (May 14, 1959)

Services - Engineering

4. Approval and execution is recommended of the attached agreement between Porter, Urquhart, McCreary & O'Brien, O. J. Porter & Company, Consultant, and the State of New Jersey relative to the performance of Engineering Services in connection with the improvement of State Highway Route 206 from Bolmers Corner in Princeton, Mercer area to a point in the vicinity of Hightstown connecting with State Highway Route No. 33 and the New Jersey Turnpike, a distance of about 12 miles. The Consultant is to bw paid for this work on a force account basis but in no event shall the sum total of payment be in excess of $125,000 and it is recommended that this amount be set up to cover the cost of the work called for under this agreement. (May 13, 1959)

Services - Engineering

5. Approval and execution is recommended of the attached agreement between Sherman, Taylor and Sleeper, Consultant, and the State of New Jersey covering understandings in connection with the performance of engineering services relative to the construction of State Highway Route 295, Section 1C, Browning Lane to Broadway, Section 2G, Interchange at Route 80S to Copley Road and Route 80S; Route 38, Church Road to Marter Avenue; and Route 73, Route U.S. 130 to Route 38. The Consultant is to be paid on a force account basis for this work with the following ceilings: $57,000 for Route 295, Section 1C; $70,000 for Route 295, Section 2G, $45,125 for Route 38; and $33,125 for Route 73, making a total amount to be set up to cover all the work called for under this agreement $205,250. (May 13, 1959)

---

6. Approval and execution is recommended of the attached agreement between Ammann and Whitney, Consultants, and the State of New Jersey relative to the performance of engineering services for the improvement of the portion of I-80S in or near the City of Camden area from Morgan Boulevard to the Benjamin Franklin Bridge plaza, a distance of about 2.9 miles. The consultant is to be paid for this work on a force account basis but in no event shall the sum total of payments be in excess of $180,000 and it is recommended that this amount be set up to cover the cost of the work called for under this agreement. (May 12, 1959)

Agreement-Union Twp., Hunterdon County(Rt.78,Sec.2G)

7. Approval and execution is recommended of the attached agreement between the Township of Union and the State of New Jersey covering understandings in connection with the apportionment of control and maintenance in connection with the construction of I-102 and Route 78, Section 2G, particularly a roadway together with bridges over branches of Mulhockaway Creek to be constructed between Station 719+00 and Jutland-Norton Road at about Station 799+00 in the Township of Union, Hunterdon County. STATE OF NEW JERSEY
STATE HIGHWAY DEPARTMENT
TRENTON

SCHEDULE OF APPROVALS - MAY 31, 1959

Administrative Items

Claims-Settlement ✓

1. This claim arises out of an accident occurring on October 10, 1959 at the ramp from Raymond Blvd. to Pulaski Skyway, Newark, New Jersey, involving a vehicle owned by the State Highway Department and operated by William J. Patton, Jr. and a vehicle owned by the Newton Iron & Steel Corporation and operated by Paul Smith. As a result of the aforesaid accident, the Highway vehicle was damaged and had to be repaired at a cost of $118.60. The two drivers involved in this accident gave conflicting versions of how this accident occurred and there were no witnesses to the accident. The insurance carrier for the Newton Iron & Steel Corporation turned down our claim on the basis of their assured's version of the accident. After further discussion with the said insurance carrier, the Claims Bureau prevailed upon them to make an offer to pay 50% of our Claim. In view of the foregoing, I feel that the Department would be justified in accepting $59.30 in full settlement of this claim in accordance with Mr. Levine's memorandum attached, hereto, and the recommendation of the Deputy Attorney General, and it is my recommendation that it be accepted. (May 25, 1959)

Right of Way-Route 4 Parkway

84. There are presented reports on Route 4 Parkway, Section 6, from Central Ave., Clark Twp. to Lehigh Valley R. R., Cranford Twp., Parcels R200A and 200B, Leigh Valley Railroad Company. The State Highway Commissioner previously authorized payment to the Railroad Company of the sum of $941.98 for which the Railroad Company was to: (a) convey to the State by Bargain and Sale Deed Parcel 200B and that portion of Parcel R200A affecting Lots 1238 to 1242 inclusive; (b) quit-claim the remainder of Parcel R200A outside of these lots. This transaction was never consummated because of two tax sales certificates and accrued taxes. The Railroad Company has agreed to redeem the tax sales certificates and make payment of the accrued taxes and interest, provided theState will increase the consideration from $941.98 and $1,070,61. It is recommended that the consideration for delivery of the above indicated Deeds be increased from $941.98 to $1,070.61 to enable the Railroad Company to resolve this matter. (May 29, 1959)

STATE OF NEW JERSEY
STATE HIGHWAY DEPARTMENT
TRENTON

SCHEDULE OF APPROVALS - June 8, 1959

Administrative Items   Claims-Settlements ✓

1. This claim arises out of a leak in a gas main seeping into a State Highway Department meter housing which caused a gas explosion resulting in damage to traffic signal equipment. As a result of the aforesaid accident the State Highway Department property was repaired at a cost of $540.27 and a billing covering same was sent to the Public Service Electric & Gas Company, Newark, New Jersey. Upon receipt of this billing the Public Service Electric & Gas Company contacted the Claims Bureau informing that this gas leak was caused by blasting which was taking place at a quarry located just a few blocks from where this incident occurred. The said blasting caused numerous gas and water main leaks in addition to glass breakage, etc. until the Mayor of the community stepped in and ordered the contractor which was doing the blasting to cut down in the amount of the charge in their blasting. In view of the foregoing, the Public Service Electric & Gas Company did not feel they were liable for our damage, however, they offered the sum of $300.00 in full settlement of our claim. After discussing this claim with the Supervising Engineer of the Electrical Bureau the Claims Bureau informed Public Service Electric & Gas Company that if they offered the sum of $400.00 which would cover the cost of materials involved in this claim, they would recommend approval of this amount to the State Highway Commissioner. The Public Service Electric & Gas Company has now agreed to pay us the sum of $400.00 in full settlement of this claim and in view of the circumstances under which the damage occurred I feel their offer is reasonable and it is my recommendation that their offer be accepted and the balance of $140.27 be cancelled. (June 5, 1959)

Federal Aid-Primary Funds ✓

2. It is recommended that $1,000,129 of the 1958 apportionment of Urban Funds be transferred to the 1958 Primary apportionment. This will increase the Primary apportionment for the fiscal year from $5,000,648 to $6,000,777. This is in accordance with the provision of Section 102(c) of the Federal Aid Highway Act of 1956. (For Details see attached sheet.) (May 29, 1959)

- - - - - - - -

3. It is recommended that $1,020,218 of the 1959 apportionment of Urban Funds be transferred to the 1959 Primary apportionment. This will increase the Primary apportionment for the fiscal year from $5,101,094 to $6,121,312. This is in accordance with the provision of Section 102(c) of the Federal Aid Highway Act of 1956. (For Details see attached sheet.) (May 29, 1959)

7. It is recommended that the attached project agreement in duplicate be approved and executed for Construction: Route 295, Section 1C From Browning Lane to Broadway Project No. I-295-1(19)27. The amount of Federal-aid Interstate funds obligated is $4,033,620.00 which is 90% of the estimated cost for Federal participation. (June 4, 1959)

Services-Engineering ✓

8. Approval and execution is recommended of the attached Agreement between the State of New Jersey and Clark and Hartman, Consultant covering understandings in connection with the performance of Engineering Services relative to the proposed improvement of Route U.S. 40 from Interstate Route 295 at Deepwater to Route 48 in Salem County, a distance of 4.0 miles. The Consultant is to be paid on a fee basis of 4.85 per cent of a tentative estimate of cost of $2,200,000.00 or $106,700.00., and it is recommended that this amount be set up to cover the cost of the work called for under this agreement. (June 2, 1959)

Utilities-Routes US1 & 9

9. To accommodate the construction of a Jug Handle on Routes US-1 and US-9, Sections 4 and 8, Edison Twp. Station No. 86+0, it will be necessary for the Public Service Electric and Gas Company to rearrange their electrical facilities; i.e. Pole P.S. 8567 ED must be relocated and the counterpoises between the transmission towers must be relocated to a lower elevation. It is recommended that the Utility Company be reimbursed for this work which including a 10% contingency is estimated at $1430.00. (June 1, 1959)

Utilities-Route 38

10. Approval and execution is recommended of the attached agreement between the State of New Jersey and Delaware Township covering understandings in connection with the widening of Route 38 which will necessitate the relocation of certain facilitie. of the existing sanitary sewer system which is owned and operated by the Township. The State will cause this work to be performed under its road contract for Route 38, Section 1, and the facilities constructed by the State and paid for by the State under this agreement shall become the sole property of the Township; and the Township will be solely responsible for the operation, maintenance, and repair thereof. (June 2, 1959)

Utilities-Route 169

11. Approval and execution is recommended of the attached agreement between the State of New Jersey and the Central Railroad Company of New Jersey covering understandings in connection with the construction and maintenance of bridges, roadways, roadway slopes, storm drains, and other highway appurtenances in the City of Bayonne and City of Jersey City, Hudson County, relative to the construction of Route 169, Section 1. Inasmuch as the Railroad will derive no benefits from the proposed construction it is, therefore, obligated to bear no part of the cost thereof. However, the State is to reimburse the Railroad Company and the Western Union Telegraph Company for work that they must perform to accommodate this construction. The estimated net cost to the State for Railroad work is $32,905 and the estimated net cost for the Telegraph work is $16,730 making a grand total of net estimated cost to the State of $49,635. Payment by the State will be made directly to the Railroad for its portion of the work and directly to the Western Union Telegraph Company for its portion of the work. (June 4, 1959)

Utilities-Route 208

12. To accomodate the construction of Route 208 Section 3 it will be necessary for the Borough of Hawthorne to relocate four (4) fire hydrants on Grandview Ave. Boro of Hawthorne, Passaic County and on Lafayette Ave. Extension and Goffle Road, Boro of Hawthorne, Passaic County. The estimated cost of this relocation is $2,491.00. To this should be added a contingency of 10%, bringing the total amount to be allocated for this work to $3,180.00, and it is recommended that the Boro of Hawthorne be reimbursed in this amount. (June 1, 1959)

Utilities-Route I-287

13. Approval and execution is recommended of the attached agreement between the State of New Jersey and the Tuscarora Pipeline Company, Ltd. covering understandings in connection with the construction of a section of Freeway Interstate 287, Section 1C and 2B through a portion of the Company's facilities in the Township of Franklin, County of Somerset. This construction will necessitate the rearrangement and reconstruction of certain facilities owned by the Utility Company which work the State will cause to be performed under its road contract for said Freeway. The facilities constructed by the State and paid for by the State under the terms of this agreement shall become the sole property of the Company and the Company will be solely responsible for the maintenance and repair thereof. (June 4, 1959)

There is presented again the matter of acquisition of property of FAI 104 -2-(2) also known as 287-2-(2) Route U.S. 22 to Easton Avenue; Parcel 403, Ukrainian Orthodox Church of United States of America. Condemnation proceedings were previoully authorized, at which time the owners were demanding $25,000. Continued negotiations have resulted in the execution of an agreement in the sum of $21,600. It is recommended that this agreement be approved, subject to the easement of the Buckeye Pipeline Company, Incorporated; and that condemnation proceedings previously authorized be discontinued. (June 4, 1959)

Right of Way-Route FAI-108

84. There is presented again the matter of condemnation of lands on Route FAI-108-2-(1), also known as 295-2-(1), North-South Freeway (FAI 109), to Warwick Road, Parcel 52, Nicholas Vernamonti & Wife. A condemnation commissioners award was approved in the sum of $1675.00, plus interest from August 12, 1957. However, the owners took an appeal. The case was tried before a judge and jury, but before the jury reached a verdict a conference was called, at which the owners agreed to accept the award of $1675.00 plus $200.00 interest. An agreement has now been executed in the total sum of $1875.00. It is recommended that this agreement be approved; that litigation be discontinued, and that the previous action approving the award be rescinded. (June 4, 1959)

95. There is presented again the matter of acquisition of property from MARY K, TINSMAN (widow) with whom the following agreements were previously approved:
FAI 102-2-(15) PARCELS 1 & 1[illegible], Consideration $11,000 + conveyance of Par. VR12B
(102-2-(8) From a Point East of Central Railroad of New Jersey to Mulhockaway Creek.
FAI 102-2-(8) PARCELS 11A & E11B, Consideration $52,600 + the following stipulations:
Still Valley to a Point)
East of Central R.R. of N.J.)

(a) State to cause to be dedicated for public use a 24-foot right of way between the existing and the relocated New Village Road, across an 0.768-acre plot of land (now designated as Parcel 8D);

(b) State to cause the grading and construction of this 24-foot right of way.

Payment was made to Mrs. Tinsman in accordance with the latter agreement. Subsequently it was learned that the municipality would not accept this 24-foot road as a municipal street. Therefore, negotiations were re-opened with the adjacent property owners; namely, ROY DOWLING, which resulted in the State's acquiring the additional 0.768-acre plot over which the 24-foot right of way was to be constructed (Parcel 3D) at a consideration of $1.00; and with CLIFFORD CLINE, which resulted in the State's acquiring Parcel R-9 (13.066 acres, embodying original Parcel 9, 10.866 acres and Parcel VR9, 2.2 acres). The consideration paid for Parcel R-9 ($10,000) remained the same as originally agreed upon for Parcel 9. The fact that the State now owns Parcels 3D and VR9 made it possible to re-open negotiations with Mrs. Tinsman, which resulted in the execution of an agreement covering Parcel 1 (FAI 102-2-(15) in the sum of $10,300 plus conveyance of Parcels VR12D ~~and~~ 3D ~~on 102-2-(15)~~ and ~~Parcel~~ VR9B on 102-2-(8) (State to pave the access road for a width of 12-feet and length of 120 - feet with bituminous black top). Under this agreement the dedication of the street is no longer necessary. It is recommended that this agreement be approved, and that the previous agreement covering Parcels 1 & 1B be rescinded. (June 8, 1959) ✓

Right of Way-Route 26 (1927), Route U.S. 1 (1953)

96. There is presented INTERDEPARTMENTAL AGREEMENT between the Attorney General of the State of New Jersey and the Commissioner of the New Jersey State Highway Department whereby jurisdiction over the following parcel of land is transferred from the Attorney General of the State of New Jersey to the Commissioner of the New Jersey State Highway Department: Route 26 (1927) Section 2 Route U. S. 1 (1953) D & R Canal to Penns Neck Project ~~F33~~-(38) PARCEL R-53 (to be utilized for the construction of a turnaround, within which will be incorporated the exit and entrance to the New Jersey Motor Vehicle Inspection Station. It is recommended that this INTERDEPARTMENTAL AGREEMENT be accepted, and authority granted to place same on record. (June 9, 1959)

STATE OF NEW JERSEY
STATE HIGHWAY DEPARTMENT
TRENTON

SCHEDULE OF APPROVALS - June 22, 1959

Administrative Items

Accounting-Claims-Settlements

1. This claim arises out of an accident occurring of February 12, 1958 at the Grassy Sound Bridge, Wildwood, New Jersey, involving a vehicle owned by Frank Lopez, Wildwood, New Jersey, being operated by Julio Ramos, Gary, Indiana. As the result of the aforesaid accident, property of the State Highway Department was damaged and had to be repaired at a cost of $1,396.46. Upon presenting a bill to Mr. Lopez, we were advised through his attorney that at the time of the accident his car was not covered for property damage insurance. He also advised that he was not in the car at the time of the accident nor was Julio Ramos acting as his agent. A request was made that the State Highway Department in view of the foregoing grant Mr. Lopez a release in order that his license might be reinstated by the Motor Vehicle Department. Mr. Lopez lost his driving privileges and car registration by reason of the fact that he did not comply with the Financial Responsibility provisions of the Motor Vehicle Division in that his car was not insured at the time of the accident in question. This office rejected granting an outright release without receiving some consideration from Mr. Lopez. We are now in receipt of a letter from his attorney advising that his weekly earnings amount to approximately $60.00 a week, he is married and pays $16.00 per week for his apartment in Wildwood. An offer of settlement in the amount of $250.00 was made payable at the rate of $10.00 per week in full settlement of the Highway Department's claim against him. In view of the fact that Mr. Lopez was not in the vehicle at the time of the accident, it might be difficult, if not impossible, to prove that Mr. Ramos was acting as his agent or servant. Also giving due consideration to the debtor's financial circumstances, we feel the offer of $250.00 should be accepted in full settlement of our claim against Mr. Lopez and that the balance of the claim be allowed to remain open against the operator, Mr. Ramos. In view of the foregoing, we feel that the Department would be justified in accepting the offer of $250.00 from Mr. Lopez in accordance with Mr. Levine's report attached, hereto, and the recommendation of William J. McCormack, Deputy Attorney General, and that the balance of the claim be allowed to remain open against the operator, Mr. Ramos. (June 22, 1959)

12. To accommodate the construction of Route U.S. 1 (1953), Section 1, widening and resurfacing from Lake Drive to N.J. Motor Vehicle Inspection Station in Lawrence Township, Mercer County, it was necessary for the City of Trenton Water Works to relocate a fire hydrant on Texas Avenue. The Trenton Water Department has made the necessary rearrangement with their own forces and are submitting a bill in the amount of $295.04 to cover the complete cost of this work. In accordance with Departmental Policy, it is recommended that the City of Trenton Water Works be reimbursed in this amount. (June 26, 1959)

Utilities-Public Service Electric & Gas Co. ✓

13. Approval and execution is recommended of the attached agreement between the State of New Jersey and the Public Service Electric and Gas Company covering understandings in connection with the construction by the State of a section of Route U.S. 1 & 9 (1953), Section 2, and Route U.S. 1 & 9 Truck (1953), Section 1, over a portion of the Company's duct line located within the existing highway right of way. The State's construction will necessitate the relocation of the existing facilities or the construction of some structure to permit the State's construction by protecting said duct at their present location. The State will have its contractor construct the necessary structure for the protection of the duct for which the Company will reimburse the State at an estimated amount of $8,161.00. Actual payment by the Company will be on as-built measurements and the Company's reimbursement for this work will be in the form of a credit toward other work at this location on which the State is making reimbursement to the Company. (June 24, 1959)

Utilities-P.R.R. CO., United N.J. R.R. & Canal Co.

14. Approval and execution is recommended of the attached agreement between the State of New Jersey and the Pennsylvania Railroad Company and the United New Jersey Railroad and Canal Company covering understandings in connection with an agreement providing for the construction of a bridge (viaduct), roadways (temprorry and permanent), roadway slopes and drainage, and the reconstruction of a Railroad bridge

wing wall and Railroad steel catenary facilities in the city of Newark, County of Essex, New Jersey, to provide for the construction of Route U.S. 1 & 9 (1953), Section 2, and Route U.S. 1 & 9 Truck (1953), Section 1, as said construction affects Railroad facilities along the Railroad's Waverly and Passaic Branch. Inasmuch as the Railroad will derive no benefit from the proposed construction the State is to reimburse the Railroad for its work which including 10% contingencies is estimated at $22,215.00. (June 24, 1959)

Utilities-Buckeye Pipe Line Company

15. Approval and execution is recommended of the attached agreement between the State of New Jersey and the Buckeye Pipe Line Company relative to the construction of a section of Freeway Inerstate 287, Section 1 and 2B, in the Township of Franklin, County of Somerset, which will necessitate the rearrangement of certain facilities ownedby the Buckeye Pipe Line Company. The Utility Company is to be reimbursed for the actual cost of this work which including approximately 10% is estimated at $28,000. (June 24, 1959)

Utilities-Public Service Electric & Gas Co.

16. The construction of Interstate 295, Section 2, in Burlington County, necessitated the relocation of a 20" steel gas main along Church Road by the Public Service Electric and Gas Company. This main has already been constructed to a point about 50' more or less from the proposed right of way line of Freeway Interstate 295, when it was determined by the Department that the main had to be lower an extra 3' for an approximate distance of 340' in order to clear the proposed future freeway drainage. It is recommended that the Utility Company be reimbursed for the cost of this extra work (3' extra depth) in the estimated amount of $3,000. (June 26,195

101. There is presented report from the Title Officer together with Deed for conveyance of Parcels VR48A2 and VR43B on Route FAI 101-2-(2) also known as 80-2-(2), Mount Hope-Rockaway Road to Route U.S. 46 at Denville, from the State of New Jersey to Thiokol Chemical Corporation formerly Reaction Motors Inc. This conveyance is being made in accordance with an agreement approved by the State Highway Commissioner on June 27, 1958, under the terms of which Reaction Motors Inc. conveyed to the State Parcel 98 at a consideration of $1.00 plus the conveyance of Parcels VR48A2 and VR43B. All the other terms of this agreement have been consummated. It is recommended that this deed be executed and authority be granted to make delivery of same. The State Highway Commissioner does hereby determine that Parcels VR48A2 and VR43B are no longer required for the use of the State of New Jersey in the improvement, betterment, reconstruction, or maintenance of any State Highway. (July 8, 1959)

Right of Way-Route 21

102. There is presented again the matter of disposal of Items 111 and 112 (Parcels 38X and 38Y, Route 21, Section 3). On May 12, 1959 the State Highway Commissioner executed a deed of conveyance covering these two (2) parcels to Philip Marx, and authorized delivery of same upon payment of the balance due in the sum of $9,375.00. The attorney for the purchaser objected to the description contained in this deed. The deed has therefore been redrawn incorporating a description satisfactory to the purchaser. It is recommended that this new deed be executed by the State Highway Commissioner and authority granted to make delivery of same upon payment of the balance due in the amount of $9,375.00. It is further recommended that the a action of May 12, 1959 be rescinded. The State Highway Commissioner does hereby determine that Parcels 38X and 38Y are no longer required for the use of the State of New Jersey in the improvement, betterment, reconstruction, or maintenance of any State highway. (July 9, 1959)

NO. 25 - 1959

STATE OF NEW JERSEY
STATE HIGHWAY DEPARTMENT
TRENTON

SCHEDULE OF APPROVALS - JULY 17, 1959

Administrative Items

Accounting-Claims, Settlement

1. This claim arises out of an accident which occurred on April 28, 1956 on US Route 130 near the intersection of Knickerbocker Avenue, Roebling, New Jersey, involving a vehicle owned by Ann and Anthony Russo, being operated at the time by Nathaniel Wimbush. As the result of the aforesaid accident, traffic signal equipment and bridge abutment had to be repaired at a total cost of $553.42. Upon presenting the debtor with the Highway Department's bill, we were advised by the insurance carrier that Mr. Wimbush, the operator of the vehicle at the time of the accident, was doing so with the permission of the assured's employee, Junius Jefferson. However, the insurance company contended that Mr. Jefferson in giving said permission exceeded the powers of his agency, inasmuch as, their assured had previously discharged Mr. Wimbush because of careless and negligent driving and was opposed to his operating their vehicle at any time. They claimed that Mr. Jefferson, their agent, was made aware of this by his employer. The insurance carrier, therefore, denied liability on the part of their assured and declined to honor the Highway Department's claim. Suit was instituted by the Claims Bureau in the Mercer County District Court. We have now received an offer of settlement from the attorney representing the insurance carrier in the amount of $500.00 in full settlement of this debt. Giving due consideration to the defense the owners of the vehicle will make should the case go to trial and also considering the cost to the State to produce the necessary witnesses in order to prove our case, we feel that the best interest of the State would be served by accepting the offer of $500.00 and it is our recommendation and in accordance with Mr. Levine's memorandum attached hereto and the recommendation of the Deputy Attorney General that it be accepted. (July 11, 1959)

Rt. 10 Widening

Utilities-Randolph Twp., Morris Co.

4. To accommodate the construction of an underpass at Salem Street in connection with the construction of Route 10 Widening, Section 2, in Randolph Township, Morris County, it was necessary for the Township of Denville to rearrange some of its existing water facilities. This work was performed by the Township's own forces at a cost of $292.79 and it is recommended that the Township be reimbursed in this amount. (July 16, 1959)

Utilities-P.R.R. Co. Rt 29 (1953) Sec 1

5. To accommodate the construction of Route 29 (1953) Section 1 Raven Rock to Byram, it will be necessary for the Pennsylvania Railroad Company to perform some pole line relocation work. The cost of this relocation work as estimated by the Railroad Company amounts to $1,800 to which a contingency item of $180 should be added making a total amount to be set up $1,980. It is recommended that the Pennsylvania Railroad Company be reimbursed for this work. It is also recommended that the Commissioner approve deletion of Article Sixth from Right Of Entry Permit, executed by the Department on March 2, 1954, and that all of the other terms of the Right of Entry Permit be considered in full effect and force even after right of way has been acquired by the State. (July 14, 1959)

Rt. 129, Sec 1A

NO. 25 - 1959

Agreements-P.R.R. Co. & United N.J. RR & Canal Co.

6. Approval and execution is recommended of the attached agreement between the Pennsylvania Railroad Company and the United New Jersey Railroad and Canal Company and the State of New Jersey covering understandings in connection with the construc-of bridges, roadways, roadway slopes and drainage, and the rearrangement of Railroad communication and signal facilities, in the Township of Ewing, County of Mercer, New Jersey, to provide for the construction of Freeway Route 129, Section 1A. Inasmuch as the Railroad will derive no benefit from the proposed construction by the State the State willreimburse the Railroad for the work it must perform to accommodate the State's construction which work is estimated at $6,729.00 to which should be added approximately 10% for contingencies or $671.00 plus $500.00 for Engineering making a total estimated cost of $7,900.00. (July 16, 1959)

Agreements-Bayonne Industries, Inc.

7. 8. Approval and execution is recommended of the attached agreement between the Lehigh Valley Railroad Company and the State of New Jersey covering understandings in connection with the construction of a roadway and its appurtenances, being a part of Route 169, Section 1, over lands, track, communication and signal facilities, and right of way owned by the Railroad. Inasmuch as the Railroad will derive no benefit from the proposed construction contemplated by this agreement the State will reimburse the Railroad for the work it must perform to accommodate the State's construction which work is estimated at $332,600 which includes approximately 10% contingencies. (July 16, 1959)

Rt. 295, Sec 3

Utilities-Public Service Elec. & Gas Co.

9. It is recommended that Commission Action approved February 4, 1959 in the amount of $11,800 for reimbursement to the Public Service Electric and Gas Company in connection with Interstate 295, Section 3, be rescinded inasmuch as Commission Action approved June 26, 1959 in the amount of $3,000 was submitted as a replacement. This was due to the fact that the original estimate was based on the Utility Company's possibility of sheathing and use of well points for the extra depth trench work to install the gas main to accommodate the construction of Interstate 295, Section 3. It was later determined that this sheathing and well points were not necessary. (July 16, 1959)

103. There is presented again the matter of acquisition of property on Route 26, Section 2, D & R Canal to Penns Neck. Condemnation proceedings were previously authorized for the acquisition of Parcel 53 from Frank Federici and wife. These proceedings were held in abeyance pending a plan revision. Inasmuch as Parcel 53 as originally set up will not now be acquired, it is recommended that the action of January 5, 1956 authorizing condemnation, be rescinded. (July 17, 1959)

Right of Way-Route FAI-287

104. There is presented again the matter of acquisition of property on Route FAI 104-2-(4), also known as 287-2-(4), Stelton Road to Route U.S. 1, Parcel 209, Daniel J. Vitanza and wife. Condemnation proceedings were previously authorized at which time the owners were demanding $22,000.00. The Right of Way plan was revised eliminating Parcel 209; therefore, it is redommended that condemnation proceedings previously authorized be rescinded. (July 17, 1959)

Right of Way-Route S-100

105. There is presented again the matter of a parcel of land on Route S100, Section 1, from Route 25 to York Street, consisting of a portion of Parcel 2B together with that portion of Fanny Street, which has been vacated. At the public auction held on July 7, 1959, the successful bidder, the Marciann Company, Inc. bid the amount of $1,050.00 plus the cost of the sale, which is estimated at $150.00. Authority is requested confirm this sale and that the proper deed of conveyance for the above parcel be delivered to the successful bidder upon payment of the full purchase price. (July 14, 1959)

NO. 26 - 1959

STATE OF NEW JERSEY
STATE HIGHWAY DEPARTMENT
TRENTON

SCHEDULE OF APPROVALS - JULY 31, 1959

Administrative Items

Accounting-Claims, Settlements

1. This claim arises out of an automobile accident occurring on October 17, 1953 on Route #35, Shark River Bridge, Belmar, New Jersey, and involved a vehicle owned and operated by Mr. Gay Ray, current address 1626 Sewell Avenue, Neptune, New Jersey. As a result of the above mentioned accident the traffic gate, gate stop and electrical equipment on the bridge owned by the New Jersey State Highway Department were damaged and subsequently repaired at a cost of $548.98. Investigation by the Claim Bureau disclosed that Mr. Ray did not have liability insurance coverage at the time this accident occurred. Further communication with Mr. Ray by means of many personal calls and considerable correspondence disclosed that he worked as a janitor and short order cook when work was available at various restaurants, luncheonettes, etc. in the Brielle area of the Jersey shore. This work was seasonal and Mr. Ray depended upon unemployment insurance during the slack season. In view of the above, continued attempts were made by the Claim Bureau to collect this claim in small installments and to date a total of $94.17 has been paid. This covers the period of time from the date of the accident on October 17, 1953 through June 6, 1958 when Mr. Ray's last payment was received. Mr. Ray is currently employed on a farm in the Red Bank area. With the assistance of Mr. Ray's current employer he has agreed to borrow the sum of $150.00 and has offered this in full settlement of this claim. Giving due consideration to Mr. Ray's current and past financial status over the last six years, I feel that the best interest of the State of New Jersey would be served by accepting his offer of $150.00 in full settlement of this claim in accordance with Mr. Levine's memorandum attached, hereto, and the recommendation of the Deputy Attorney General, and it is my recommendation that this offer of settlement be approved and the balance of the claim cancelled. (July 24, 1959)

(1953)

Utilities-Public Service Electric & Gas Co./ ~~Rt~~ US 1+9

5. It is recommended that the amount of $17,481 which was set up by Commission Action approved May 5, 1959 for reimbursement to the Public Service Electric and Gas Company in connection with the construction of Route U.S. 1 and 9 be reduced to $12,070. The reason for this is that the original estimate included questionable items for reimbursement which it was later determined would be disallowed and therefore was omitted. (July 24, 1959)

Utilities-Route U.S. 30, Section 3A

6. Approval and execution is recommended of the attached Agreement between the State of New Jersey and the Public Service Electric & Gas Company covering understandings in connection with the relocation of the Company's electric facilities to accommodate the construction of Route U.S. 30, Sec. 3A in Haddon Borough and Barrington Boro, Camden County. The Company is to be reimbursed for its work which is estimated at $14,190 which amount includes a contingency of 10%. (July 23, 1959)

Co. relative to the rearrangement of facilities to accommodate the construction of Freeway Interstate 129, all facilities are located in the Townships of Ewing and Hopewell, County of Mercer. The Utility Company is to be reimbursed for the rearrangement work which on Route 129 Freeway is estimated at $41,700 which includes Approx. 10% contingency; and on Route 29 is estimated at $8,000.00 which includes 10% Cont. making a total reimbursement under this Order of $49,700. (July 23, 1959)

Utilities-Route 169, Section 1

8. To accommodate the construction of Route 169, Section 1, Point Breeze to Constable Hook, Bayonne and Jersey City, Hudson County, it will be necessary for the Public Service Electric and Gas Company to rearrange some of its electrical facilities. It is recommended that the Utility Company be reimbursed for this work in the estimated lump sum amount of $150,000 to which an amount of $15,000 should be added for contingencies making the total amount to be set up $165,000. (July 23, 1959)

100. There are presented report and appraisal with map and description on FAI-104-2-(2), also known as 287-2-(2), Route U. S. 22 to Easton Avenue; Parcel 299, Somerset Hills, Inc. It is recommended that authority be granted to institute condemnation proceedings for the acquisition of this parcel in fee simple subject to any public utilities existing in the premises. The owners are demanding $200,000 which is considered excessive. (July 21, 1959)

Right of Way-Janitorial Services

101. There is presented a proposal from the Metropolitan Maintenance Co. for janitorial services for our field office at 231 Fairview Avenue, Bogota, New Jersey. The proposal covers the exact janitorial services which the Metropolitan Maintenance Co. is performing at our field office at 239 Fairview Avenue, and the price quoted is $60.00 per month. It is recommended that authority be granted to enter into an agreement with the Metropolitan Maintenance Co. based on their proposal dated July 13, 1959. (July 24, 1959)

Right of Way-Route U.S. 30 (1953)

102. There is presented a letter from Food Fair Stores, Inc. granting to the State the right to clean existing ditch on the Food Fair property (designated as Parcel E9), Route U. S. 30 (1953) Section 1, Taunton Road to Wellington Avenue. This letter of permission is submitted in lieu of a formal agreement to do this work. It is recommended that this letter of permission be accepted and that the Director of the Division of Right of Way Acquisition and Titles be authorized to acknowledge receipt of same and expresd appreciation and thanks on behalf of the Commissioner for their cooperation. (July 28, 1959)

Right of Way-Route 80

103. There is presented again the matter of acquisition of property on FAI-101-5-(2), also known as 80-5-(2), From West Shore Railroad in Ridgefield Park to Teaneck Road in Teaneck. An agreement in the sum of $3,000 was previously approved for Parcel R173, Allen Bull and Wife. Subsequently, the plan was revised, slightly reducing the area required from this owner. Further negotiations have resulted in the execution of an agreement covering Parcel 2R173 in the sum of $2,800. It is recommended that the agreement be approved and that the previous action covering Parcel R173 be rescinded. Authority is requested to dispose of the garage either to the road contractor, at public auction or by sealed bids. (July 21, 1959)

Right of Way-Route 23

104. There is presented again the matter of acquisition of property on Route 23, Section 15, Project F-53-(5), High Point Park at Steeny Kill Lake to Clove Road; Parcel 12, Paul A. Breslin and wife, on which an agreement in the sum of $100 was previously approved. Subsequently during construction operations, our contractor uncovered a 400-gallon steel septic tank located within the limits of Parcel 12. Until this tank was unearthed, we were unaware of its existence; and therefore it was not considered in either the appraisals or the settlement agreed upon. The owners have now executed a Release of all claims for damages by reason of any disturbance to the sewerage disposal system in the sum of $1.00 plus construction and installation of the septic system (the estimated cost of which is $425.00). It is recommended that this Release be accepted and the performance of this work authorized through our Construction Division. (July 24, 1959)

General Property Parcel Map-Route 4 Parkway Sec. 9

106. On June 2, 1959 the State Highway Commissioner approved a print of the General Property Parcel Map on Route 4 Parkway, Section 9, from Galloping Hill Road to Route 29; authorized negotiations for Parcel W1C, Leonard J. Zehnbauer and Parcel W2C, Union County Park Commission; and also authorized the setting up of $8,000 to cover the estimated cost of these parcels. Subsequently this print was revised to correct the map title and parcel designations and also increase the area required from the Union County Park Commission. It is requested that the Commissioner authorize the changing of the previous action to read as follows: "There is presented a print of the General Property Parcel Map on Garden State Parkway, Route 4 Parkway, Section 9, from Galloping Hill Road to Route U.S. 22 showing Parcel 2R1, Union County Park Commission and Parcel 2, Leonard J. Zehnbauer ***". The estimated cost of Right of Way now required is $25,000. Authority is requested to set up an additional $17,000 from funds available under Item 16, Non-Federal Projects-Advanced Right of Way & Utilities, Route 4 Parkway, Chestnut Avenue Ramp of the 1958-59 Construction Program. It is also requested that the date of approval remain as June 2, 1959. (July 30, 1959)
